TUESDAY, JANUARY 1, 1907.

**MILLIONS TO UNIVERSITY.****Rockefeller's Largest Gift Without Condition.****"Maroon School" Has New Hope of Support.****Provision Made to Cover Increased Expenses.**

BY DIRECT WIRE TO THE TIMES.

CHICAGO, Dec. 31.—(Exclusive Dispatch.) John D. Rockefeller's New Year's present to the University of Chicago.

The announcement of this gift was made in a letter received from John D. Rockefeller, Jr., today by acting President Harry Pratt Judson of the university.

This latest present from the Standard Oil king is the largest unconditional donation ever given to the "Maroon School" by its founder, bringing the grand total of Rockefeller's gifts to the university to considerably more than \$30,000,000.

The bulk of the donation, secured

with a present market value of \$2,700,

is for the permanent endowment fund of the university.

Rockefeller makes additional gifts for making good the annual deficits of the university proper, of the School of Education and of the Law School.

These funds have always been in the tens of thousands, and it has been Rockefeller's custom to provide for them in his annual Christmas gift.

Rockefeller further makes provision for an annual increase in the expenditures of the university amounting to \$40,000.

**RAILWAY DIRECTOR RESIGNS.**

Intends to Spend Remainder of His Life in Pleasant Los Angeles.

BY THE ASSOCIATED PRESS—P.M.

MEMPHIS ( Tenn.) Dec. 31.—After forty-eight years' active service with the Illinois Central, Maj. Michael Gillies, third vice-president, has resigned and at midnight will sever his relations with that company.

Maj. Gillies, with his family, will leave here immediately for Los Angeles, where he will reside in the future.

**COUNTESS OF CLANCARTY DIES**

Famous Astrée, Belle Bilton, Who Won Heart of Peer Passes Away in Ireland.

BY THE ASSOCIATED PRESS—P.M.

LONDON, Dec. 31.—The Countess of Clancarty, who was at one time well known on the stage as Belle Bilton, died this evening at her residence at Ballybawn Park, county Galway, Ireland.

**NEW ENGLANDERS FIGHT OIL TRUST.****Springfield Firm With Fifty Millions Capital Unites Other Companies With Big Money to Combat the Standard.**

BY DIRECT WIRE TO THE TIMES.

BOSTON, Dec. 31.—(Exclusive Dispatch.) Massachusetts today affords the country an object lesson in fighting monopoly without resort to the courts, whether State or Federal.

The fight is affecting the people's pockets temporarily, but they have demonstrated the value of the principle of fair play as greater than temporary gain.

A number of independent oil companies, led by a young Springfield firm, the Pure Oil Company of Philadelphia, resources of \$50,000,000 capital behind them, have undertaken to break the Standard Oil monopoly which grips New England by the throat.

They will make New England the

battle ground, invading Boston and Worcester the two Standard Oil strongholds, and then go after the latter's own secret rebate field.

The fight is affecting the people's pockets temporarily, but they have demonstrated the value of the principle of fair play as greater than temporary gain.

With the Four Brothers are the Pure Oil Company of Philadelphia, resources of \$50,000,000 capital behind them, and Comptroller Refining Company, \$12,000,000; Waverly Oil Company, \$2,000,000; Island Petroleum Company, \$2,000,000; Pennsylvania Paraffine Works, \$1,000,000.

HARRIMAN'S OFFER ASSISTS RED CROSS.

BY THE ASSOCIATED PRESS—A.M.

WASHINGTON, Dec. 31.—The offer of E. H. Harriman to the President to transport on his steamship all supplies delivered at San Francisco intended to relieve famine sufferers in China, has opened the way for the American Red Cross to make an appeal direct to the farmers of the country, to provide corn and wheat. The appeal for money contributions has been effective, but it is believed that greater good would come from gifts of grain now, as the transportation question has been met.

Already the Red Cross officials in this city have suggested to Gov. Cumming of Iowa that he ask the farmers of that state to make grain contributions. The call upon the Governor had not been general, for the reason that the Red Cross officers were waiting to see whether it would be decided to use the army transport service to convey the grain to the Far East.

**SIERRA PACIFIC CHANGES.**

INCREASE OF CAPITAL STOCK.

BY THE ASSOCIATED PRESS—A.M.

PORTERVILLE, Dec. 31.—The stockholders of the Sierra Pacific Railroad Company have voted to increase the capital stock from \$4,000,000 to \$5,000,000, and to change the name of the corporation to the Eastern, Sierra and Nevada Railroad Company. The board of directors has been readjusted. Otto E. Bachore being elected president; C. R. Reas, second vice-president; George D. Avery, secretary, and J. W. Davis, treasurer.

The first section of road to be constructed will be from Globe to Porterville, there tapping the main line, a section of which from Porterville to Tuleare, will be connected with the road from the branch from Globe to Porterville. The second section of the road, which is now being laid out, will be main-line construction from Porterville south along the edge of the Sierra Nevada foothills and through Walker Pass to a point near Coyote Springs in Kern county.

**IN GRIP OF MONOPOLISTS.**

WATER AS WELL AS RAILS.

BY THE ASSOCIATED PRESS—A.M.

CHICAGO, Dec. 31.—A dispatch to the Tribune from Washington says:

"That the country is in the monopolistic grip of the railroads is developed more clearly than ever by an investigation that Cleveland's Garfield is making into the effect of water transportation on railroad rates."

The facts unearthed demonstrate that the railroads have their hands on water transports, both inland and

overseas, and that working arrangements even exist with ocean steamship lines.

The ability of railroads to maintain non-competitive rates and to discriminate between different sections of the country has become apparent."

**NORTHWESTERN ORGANIZES.**

CALIFORNIA COMPANIES.

BY THE ASSOCIATED PRESS—A.M.

SAN FRANCISCO, Dec. 31.—The Northwestern Railroad Company has been organized to take over the properties of the California Northwestern, the North Shore, the Santa Fe line running south from Eureka to Camp Five, and to close the gap from Wilton at the end of the North Shore to Camp Five by building a broad-gauge line. The work of constructing this new stretch of track will be rushed and it is expected will be completed within fifteen months.

The move was taken in a measure, it is said, as a compromise between the Northern Pacific and the Santa Fe. The former road will be running toward the northern port, while the Santa Fe owned other lines south from there. Between the two, there was a gap of 15 miles, and to bridge this gap the new corporation has been organized.

**ABOLISHES PRIVATE REBATES.**

ARRANGEMENT IN BRITAIN.

BY THE ASSOCIATED PRESS—A.M.

LONDON, Dec. 31.—Under the arrangement which becomes operative Jan. 1, all private rebates to shippers are abolished by all the railroads in the United Kingdom. This arrangement has been signed by the chamber, and the members of the organization, giving related to secure traffic is liable to a heavy fine, payable to the railway clearinghouse.

**Receivers of Mobile Ousted.**

MOBILE ( Ala.) Dec. 31.—F. A. Dewey and J. L. Daniel, who were appointed receivers of Mobile Jackson and Kansas City Railroads, were ousted, today, from possession of the property on an order issued from the Chancery Court. The old management, which was ousted Wednesday night last, has again assumed charge.

Goudin in Texas.

FOR WORTH ( Tex.) Dec. 31.—(Exclusive Dispatch.) A large number of men and teams began work at Mineral Wells today on the Goudin extension.

"That the country is in the monopolistic grip of the railroads is developed more clearly than ever by an investigation that Cleveland's Garfield is making into the effect of water transportation on railroad rates."

The facts unearthed demonstrate that the railroads have their hands on

water transports, both inland and

overseas, and that working arrangements even exist with ocean steamship lines.

The railroads stand foremost among the interests that confront the Legislature. The movement in favor of more rigid restriction is general in its scope, and the anvils will ring with the beating out of statutes that range also.

**DIN FOR REFORM IN WESTERN STATES.**

BY THE ASSOCIATED PRESS—A.M.

CHICAGO, Dec. 31.—A mighty din from anti-tax measures to acts establishing a 2-cent fare, the latter forming the chief issue in at least eight western states.

Corporations in general are in treatment more or less severe, agitation being on for new banking laws that protect depositors more adequately, for more and life companies that will be directly under the supervision of State commissions, and for new taxing schemes that will provide for greater revenue and better administration.

Direct primaries and the liquor traffic questions will receive attention from the heating out of statutes that range also.

**BUREAUCRATS RUN RIOT.****Squander Funds and Plan to Stale Election.****Say That Liberal Douma Will Be Dissolved.****Only Those "Legalized" Are Permitted to Vote.**

BY DIRECT WIRE TO THE TIMES.

ST. PETERSBURG, Dec. 31.—(Exclusive Dispatch.) Bureaucrats have resumed its old business of graft and persecution. Valuable concessions involving thousands of square miles of land and many mines have been secretly sold to foreign syndicates, while appropriations for the army and navy and for famine relief have been squandered; the idea of enlarging ports and removing certain other obnoxious restrictions upon Jews has been abandoned.

In a ministerial circular just issued, election boards are ordered to distribute ballots to parties not legalized.

As the majority of voters are illiterate, they will be obliged to vote the ballot of the reactionary party, which is the only one legalized.

The government papers cynically announce that in case of an opposition victory not only will the Douma be dissolved, but representative institutions will be abolished.

This threat has served to unite the opposition parties.

**CAPTURE SOCIALIST LEADERS.**

TRAITOR AIDS POLICE RAID.

BY THE ASSOCIATED PRESS—P.M.

ST. PETERSBURG, Dec. 31.—(Exclusive Dispatch.) The police have captured the leaders of the Social Democratic party who were carrying on a propaganda among the army and navy. Among those taken into custody were the editors of the semi-legal paper entitled "The Bolshevik," and twenty-five soldiers and several women. The police also arrested many members of an important group of leftist socialist revolutionists and captured according to reports a number of twenty-seven high officials who have been sentenced to death. Finally it is asserted that the police accidentally obtained information which frustrated their plan to burn up a number of persons at a conference which was to be held in the future.

The recent arrests of members of the military organization which was founded for the Stolz and Crossland outbreaks and the mutiny on board warships of the Baltic squadron in August have been reported from various places in the interior, notably Moscow, to which city the Central Committee has moved since the police had twice broken up the headquarters at Vilna. Six officers, including Col. Klopoff, who had distinguished themselves in their respective services, were arrested while holding a conference at Moscow.

Lieut. Emel Jonoff, who was executed at Sverdovsk fortress in August for participation in the mutiny, also was captured.

Twenty-three communists are announced at Tambov. The mutiny is the most serious since that at Sevastopol last July. A colonel, three lieutenants, twelve other officers and a number of non-commissioned officers and privates of the Seventh Cavalry and also the Tambov military prefect, Col. Borisoff of the Global Battalion, have been arraigned for dereliction in duty.

**SERVES NOTICE OF THAW TRIAL.**

VENIRE OF TWO HUNDRED ASKED BY PROSECUTION.

Wednesday is set for Hearing of Preliminary Motion—Relatives Offer Voluntary Attendance at Hearing With Important Evidence. Alienist Says Prisoner is Crazy.

BY DIRECT WIRE TO THE TIMES.

NEW YORK, Dec. 31.—(Exclusive Dispatch.) Asst. Dist.-Atty. Garvan will serve notice on counsel for Harry K. Thaw Wednesday that he will appear before a judge of the Supreme Court and ask that a special venire of two hundred talemens be drawn from which to select a jury.

The trial is set for January 21 before Judge Green.

He said he knew nothing in regard to a statement made in Pittsburgh by Charles J. Holman, whose wife is the mother of Mrs. Thaw.

Holman said it would not be necessary for Dist.-Atty. Jerome to send to Pittsburgh for Mrs. Holman's deposition for use in the trial of Thaw.

Holman and his son, Herron, and his wife attended the trial and gave any information desired.

"I have certain letters bearing on the case in a safe-deposit vault," said Mr. Holman. "Their nature cannot be disclosed now, but the contents are very important."

All praised the methods of Amer-

**PITH OF NEWS FROM THE MIDDLE WEST.**

BY DIRECT WIRE TO THE TIMES.

CHICAGO, Dec. 31.—(Exclusive Dispatch.) Chicago bade a gloomy farewell to 1906 today, clouds hiding the sun. "Snow in the North, Northeast and Northwest and rain in the South" prevailed during the day. The mercury was on a descending scale, dropping eight degrees from the maximum within one hour, early in the day. From 45 deg. the range was steadily downward to 32 deg. at 8 o'clock in the evening. Middle West temperatures, the dash indicating below zero:

BOARD MEMBERSHIPS.

The fact that during the year 1906 memberships in the Chicago Board of Trade declined nearly 40 per cent. in value, from \$300 to \$200, and that a number were retired by the purchase of the Board of Trade itself is indicative of the character of the business done on exchange last year. In a speculative sense, it was the poor year the board has experienced.

TEXAS WARNS RAILROADS.

(By Direct Wire to the Times.)

AUSTIN ( Tex.) Dec. 31.—(Exclusive Dispatch.) In a letter today to W. C. Preston, general freight agent of the Frisco's Texas lines, the Railroad Commissioner stated that if the several railroads of the State did not leave the car shortage within a reasonable time, the commission would put several of the properties in the hands of receivers and let the courts operate them for a while.

TUESDAY, JANUARY 1, 1907.

**JUDGE DENIES SCHMITZ PLEA.****Refuses to Transfer Graft Case from Dunn.****Graham Knocks Little Prop from Mayor's Defense.****Why Is Present Magistrate Not Consulted.****BY THE ASSOCIATED PRESS—A.M.****SAN FRANCISCO, Dec. 31.—**Presiding Judge Graham today denied the motion made on behalf of Mayor Schmitz to withdraw from Judge Dunn's court the cases now pending there on the indictments brought by the grand jury and to remand them to another court. In denying the motion, Judge Graham said that he could not transfer the cases unless he had the written consent of Judge Dunn to such action.**All the attorneys interested in the indictment cases were on hand to listen to the arguments. The defendant, Abraham Hove, although not present, sent a telegram "Ready" to the court. The motion, listened attentively to the proceedings. The District Attorney's office also was strongly represented.****DIST. ATTY. Langdon, for the people, and Attorney W. H. Metson for Mayor Schmitz, answered "Ready" when Judge Graham asked the motion.****The defense counter affidavit which we would like to see in the "Associated American" and Attorney Hove, in response to an inquiry from the court.****Attorney Barrett asked if it was his desire to remain the affidavit as he had at first done. Friday afternoon, Graham thought he would like to hear it and Hove began with the document, which proved to be a review in detail of the proceedings before Superior Judge Dunn.****When Hove finished Attorney Metson insisted upon reading the affidavit which he had presented on Friday.****The District Attorney made no objection and the court did not hold that it was unnecessary.****Barrett went on to supplement the statement made by Hove with his views of the proceedings but was interrupted by the court.****The Constitution gives the presiding judge the right to assign these cases to any department at any time. The cases are under submission I don't think we ought to do anything.****"We have been on our knees, baying for an immediate trial," replied Barrett, "and we will show that we are bent on withdrawing the motion to the grand jury, which is statuted is under submission. There is nothing to show that there is anything pending in regard to four of these cases, a defendant who is willing to do anything he can do, but who is not allowed to do so simply because he will not go to a defendant and ask him to abandon the case."****"I would like to ask you if any request has been made to Judge Dunn to have these cases transferred?" asked Judge Graham.****"I don't think that you might make the request."****"I don't think that there is need of further argument until such an application is made to Judge Dunn."****The proceedings were brought to a close after Barrett had unsuccessfully asked to have the final decision withheld until the application to Judge Dunn was made.****He thought the delay was unnecessary, as the motion can be renewed at any time.****HENRY CHANGES TACTICS. BRINGS NO MORE INDICTMENTS.****BY THE ASSOCIATED PRESS—A.M.****SAN FRANCISCO, Dec. 31.—A committee of 100 men in the conduct of grand jury proceedings has been decided upon by the District Attorney's office and until the inquisitorial body has entirely completed its labors and is ready to adjourn sine die no more indictments will be returned against the municipal grafters.****This change has been necessitated by the lack of a sufficient attorney for the parties involved, it is said. The practice of counsel for the accused in attempting to block further grand jury session by delaying the grand jurors from the service, as in the case of the Southern Pacific, is receiving all classes of freight and moving all its trains.****CRIME BRIEFS.****CRIMES IS CRUSHED.****SACRAMENTO, Dec. 31.—Tokuma Okabayashi, a Japanese convict serving a term at the Folsom State prison for the murder of his master, was released yesterday by the Board of Parole.****The Board, after hearing testimony from the condemned man in the prison quarry this morning by a granite boulder falling from the hillside and striking him on the head, fracturing his skull.****Defended His Life.****SAN JOSE, Dec. 31.—The inquest today over the remains of Pat Ortega, who was shot Saturday night at a meeting of the Teamsters' Union by James J. Hickey, resulted in a verdict by the jury exonerating Hickey on the ground that he fired in self-defense. Ortega's funeral was held this afternoon.****Ranch Hand Kills Himself.****STOCKTON, Dec. 31.—John Bruno, a ranch hand, blew out his brains this afternoon with a shotgun, winced suicidal intent. The deceased, who was about 30 years old, had frequently threatened suicide. He was ill and had been bedridden for some time. He leaves a mother here and a sister in Modesto.****Sends Adler to Trial.****SAN FRANCISCO, Dec. 31.—Nathan Adler, the San Francisco attorney who was indicted for perjury in connection with his testimony before the grand jury will have to go to trial on February 12. This was decided by the Superior Court, which denied the demurser offered by the attorneys for the defendant.****RAJAH FALLS TO HIS DEATH.****Rivers and Harbors Bill.****WASHINGTON, Dec. 31.—Chairman Burton of the House Committee on Rivers and Harbors believed the Rivers Appropriation Bill can be passed by the middle of January, but as far as no summary of its contents is possible.****NEW SAN FRANCISCO BANK.****WASHINGTON, Dec. 31.—[Exclusive Dispatch.] Comptroller of the Currency Ridgely today issued a certificate authorizing the beginning of business in the Merchants' National Bank of San Francisco. Its capital will be \$200,000, and its officers are as follows: Charles Nelson, president; L. M. McDonald, vice-president; L. M. Cogswell, cashier. The bank is formed by converting the Scandinavian-American Savings Bank.****PRIESTS FLOUT ORDERS.****WARSAW, Dec. 31.—With the object of breaking down the opposition of the Polish National party, the most powerful party in Poland, to the church elections, the Governor-General has forbidden the Catholic clergy to join the anti-government parties. The majority of the priests, however, refuse to obey the order.****During his flight, the Rajah and his companions toppled over a precipice into a ravine, and the whole party were killed.****Trade Inquiry, which opens today at Edinburgh.****It was announced yesterday at Berlin that Grand Admiral Von Koester, Inspector-general of the navy, had received a report from the naval attaché, Dr. G. O. von Gossen, that General Nogi, several other generals, together with Admiral Togo, received the first-class decoration of the Golden Kite.****Snowstorms continued in various parts of England, but with less severity, and there are signs in London of mild weather. During the snowstorm Sunday the Swedish steamer Orion, in leaving Grimsby, was run down in the River Humber by the liner Alaska, bound for New York. The Orion sank in five minutes, but the crew was saved by the Idaho, which proceeded to Hull.****Announcement was made at Paris yesterday that a rich man, impressed by sending "Perry" and "Virginia," was assassinated. It was the son of the statue of Bernardino de Saint Pierre. The commission was given to Sculptor Holwoski.****It is currently reported at Tangier that General Zinal, who is about to be hoisted over Raisuli, a stool-horse, is the bandit's intention to endear the powers in the meantime by joining forces with the pretender. On the other hand, it is stated that Zinal has been sold to a German commercial firm, which intends to enter into possession when Raisuli retires.****A dispatch to the Herald of the City of Mexico from Guadalajara says that the migration of Japanese brought to this country by the Mexican Central to work on the Mansanillo extension of the Mexican Central Railroad continues.****According to the correspondent, 150 of these men have arrived in Guadalajara and purchased tickets for El Paso. They are to go to the silver version on the affair, for it says that most of the men are well supplied with money and are not laborers. Among their number are professional men and army officers.****According to the correspondent, it is the belief of the railroad contractors that these men came to Mexico with the sole idea of gaining transportation to the United States. On January 20, a steamer from Japan, the Iwami, a bona-fide laborer, is expected to arrive, and the railroad men hope will relieve the stringency in the labor market.****According to the statement which one Mutual Life Insurance Inspector made Sunday in New York, the actual results of the election in the company will not be forthcoming until the end of February, at the earliest.****The Mutual Exchange, New York City, trustee on whose behalf he was confined to grain, provisions and miscellaneous staples, decided yesterday to sanction transactions of the exchange in mining, industrial and other fields, as soon as possible.****There is nothing to show that there is anything pending in regard to four of these cases, a defendant who is willing to do anything he can do, but who is not allowed to do so simply because he will not go to a defendant and ask him to abandon the case.****Attorney Barrett asked if it was his desire to remain the affidavit as he had at first done. Friday afternoon, Graham thought he would like to hear it and Hove began with the document, which proved to be a review in detail of the proceedings before Superior Judge Dunn.****When Hove finished Attorney Metson insisted upon reading the affidavit which he had presented on Friday.****The District Attorney made no objection and the court did not hold that it was unnecessary.****Barrett went on to supplement the statement made by Hove with his views of the proceedings but was interrupted by the court.****The Constitution gives the presiding judge the right to assign these cases to any department at any time. REFEREE JACK WELSH, conferring with Gans and Herman on the article governing the big fight at Tonopah today.

## GANS-HERMAN FIGHT TAKES PLACE TODAY.

**Colored Man Rules Heavy Favorite but Chicago Lad Believed to Have Chance—Battle May be Fought While Heavy Snowstorm Rages.**

### TIMES BULLETINS.

The Times will post Associated Press bulletins of the Gans-Herman fight by rounds, this afternoon. A main bout is scheduled to begin at 2 o'clock. Bulletins will begin to arrive at 2 o'clock and detailed doings of the crowd and the preliminary battle between Adam Ryan and Lew Powell.

Despite a preconceived idea that Kid Herman has no chance in his battle for the heavyweight championship against Joe Gans, fight fans have come to believe that Herman is the legitimate opponent for the champion, and that if any one has the chance to win it is the stocky Chicago lad.

Herman is much clever than Nelson and many are able to stand almost as much punishment. It is figured, though, that Gans can stand off and betting has been almost even. Gans is probably the prohibitive favorite. The ruling odds tonight are 10 to 4 with very little Herman money in sight. Two fighters will weigh in at 1 o'clock. Two hours afterward, when the all-day bout is over, should they weigh in excess of a forfeit of \$5000 will be demanded.

The men have been notified officially that the ring at 2 o'clock and the fight will take place promptly at 2 o'clock. Straight Marquis of Queensberry rules will govern the contest. This will permit fighting in the corners. The referee will be Manager McCay, who may give him a chance in one of the preliminaries before a big battle this month or next.

GOING PRELIMINARY.

There will be a preliminary round bout between Lew Powell of San Francisco and Adam Ryan of Chicago.

Gans made the following statement tonight for the Associated Press:

"I have training for the fight with Gans with a view of not any distance, but I firmly believe that I shall prove myself master of the situation within a very few rounds. It will probably take a short time to do the trick. Herman has never seen him in a fight. I will try to win as usual and then I will be ready to take on Nelson. If he refuses to meet me here, I shall probably meet him at the Goldfield mine and the damnsome house or local restaurants and their employees."

Herman said:

"I hope to be the fight of my life and I will fight to the last breath to win. If I fail to win, the pictures will show that I was the aggressor throughout the fight. Gans can't go on forever, and I feel that when he does, he will be in his colors. The longer the route, the better it will suit me."

Gans will be seconded by Otto Keese, from North Kidder, and Lew Powell. In Herman's corner will be Jack O'Brien and "Gunner" Moe Mohr.

A snowstorm has been raging throughout the day and into the night in Tonopah, and the weather is particularly severe. There will be shelter, however, for both fighters and spectators, as the arena has been especially

built with a view of withstanding the elements.

The promoters of the lightweight battle will incur a financial loss if the weather continues as it is now.

Manager Riley attributes this to the weather and a combination of local negative influences, such as the strike in the Goldfield mine and the damage done to local restaurants and their employees.

But few sporting men of national reputation are here and betting has been almost even. Gans is probably the prohibitive favorite. The ruling odds tonight are 10 to 4 with very little Herman money in sight. Two fighters will weigh in at 1 o'clock. Two hours afterward, when the all-day bout is over, should they weigh in excess of a forfeit of \$5000 will be demanded.

The men have been notified officially that the ring at 2 o'clock and the fight will take place promptly at 2 o'clock. Straight Marquis of Queensberry rules will govern the contest. "I hope to be the fight of my life and I will fight to the last breath to win. If I fail to win, the pictures will show that I was the aggressor throughout the fight. Gans can't go on forever, and I feel that when he does, he will be in his colors. The longer the route, the better it will suit me."

Gans will be seconded by Otto Keese, from North Kidder, and Lew Powell.

In Herman's corner will be Jack O'Brien and "Gunner" Moe Mohr.

A heavy snowstorm is raging in

Tonopah today and indications point to severe weather conditions tomorrow. The rival pugilists were on the trials early. Gans contenting himself with a five-mile sprint, while Herman did about half an hour's work in the gym this afternoon, but Gans went through his regular routine.

Among the other fighters are Jack O'Brien, heavyweight fighter; Rex Beach, the author; Ben Seleg and several well-known Coast sporting writers. Many other prominent men and the digests of Jeffries are exhibited.

The Jeffries-Squires match, a Rhylote, deserves no further advertising until Jeffries' name and slogan are registered.

The opening public meeting to be held through the ring, but it does not care to promote mining schemes by lengthened negotiations.

RELL AFTER MATCH.

Harry K. Snell, an eastern fighter, is in Pasadena and wants to get on with a good 116-pound boy in Los Angeles. As was the case in the Goldfield fight last September, there will be many women seated in the stands, trying out with Eddie Murphy, world champion boxer.

The strike of the cooks and waiters is still on. The Casino Club manager states that he will prepare at once to convert the training quarters of the club into a restaurant, so that visitors may not go hungry during their stay in Tonopah. He will be assisted in this undertaking by the proprietors of the places affected by the strike.

RAILWAY TICKETS COME TOO LATE.

WALSH, KEEVIN AND JEFFRIES WILL NOT SEE FIGHT.

Manager Riley Remembers Fighters and Managers, But Red Tape of Transportation Company Spoils Trip-Matches Being Cooked Up for St. Patrick's Day Battles.

Jimmy Walsh and his manager, Ed Keevin, are bemoaning fate in the form of railroad red tape which delayed the arrival of tickets to Tonopah sent by Manager M. M. Riley. The vouchers for the tickets from the Prince office were delayed because those there closed early Saturday and did not open yesterday. The tickets got in here late last night. There was an extra ticket for Jim Jeffries, Riley hoping that the big fellow would accept the opportunity to come to Tonopah as an honored guest.

Walsh and Keevin were to have been in Tonopah to confer with Riley on St. Patrick's Day match with Creek Moran. According to a dispatch from Tonopah, printed by The Times a week ago, Riley is preparing a big three-round match with Moran, and the date of two of the principals and Jack Goldstein are to be another pair; and Jack Prichard, who has never seen him in a fight, will be ready to take on Nelson. If he refuses to meet me here, I shall probably meet him at the Goldfield mine and the damnsome house or local restaurants and their employees."

"I have training for the fight with Gans with a view of not any distance,

but I firmly believe that I shall prove myself master of the situation within a very few rounds. It will probably take a short time to do the trick. Herman has never seen him in a fight. GOING PRELIMINARY.

There will be a preliminary round bout between Lew Powell of San Francisco and Adam Ryan of Chicago.

Gans made the following statement tonight for the Associated Press:

"I have training for the fight with Gans with a view of not any distance,

but I firmly believe that I shall prove myself master of the situation within a very few rounds. It will probably take a short time to do the trick. Herman has never seen him in a fight. I will try to win as usual and then I will be ready to take on Nelson. If he refuses to meet me here, I shall probably meet him at the Goldfield mine and the damnsome house or local restaurants and their employees."

GOING PRELIMINARY.

**UNCERTAIN TRACK CONDITIONS  
PROVE DISASTROUS.**

**Bettors Have Poor Show In Play.  
ing Favorites on Muddy Course.  
Three Jockeys Fall At New Orleans  
and Are Seriously Injured—Bad  
Weather at Emeryville.**

Dreary weather and a sloppy track  
put a chill on the racing name at An-  
tioch yesterday afternoon, but  
lucky refreshments served to warm  
things up considerably and the sports  
lived through the day. The talent was  
shaken hard on the total of the day's  
card. Only one well-played favorite  
won, and another held odds-on at 1 to  
1, carried so little money because of the  
prohibitive price that the bookmakers  
had to lengthen the figures to 1 to 2.

Candler, closing at 3 to 1, won his  
sixth straight race with his second  
post in the first event, scheduled as a  
steeplechase. The run on the main  
track was one of the dangerous con-  
ditions of the jumps owing to the wet  
course. Dr. Logan was the contender.  
He had the pole at the start, but  
dropped back into the ruck whence he  
emerged in the steve and in the  
drive finished two lengths ahead of  
the third place. He opened odd-on at 4  
to 5, but closed up to 6 to 5. Lucifer,  
played as second choice at 3 to 1, was  
only able to show.

Reservoir, played down from 4 to  
5 to 10 to 12, made up his backer's  
in the fourth and after loading the mule  
was unable to make up the distance in  
the stretch, though coming fast. St.  
Albans plodded in second in the fifth  
race behind Vincennes. London, who  
had to make up a lot of ground in  
the first four furlongs, Jack Adams  
was so good in the last race that the  
bookmakers refused to post better than  
1 to 10 on him, and owing to the un-  
certainty of the outcome he was  
played very little. Ding Dong came on  
gaily under the whip and finished a  
good second.

**RESULTS OF RACES.**  
Free handicap, mile and a half—  
Candler, 17 (Antioch), 3 to 1, won;  
Dr. Logan, 13 (Kohler), 4 to 1, second;  
Satchel, 15 (Warren), 1 to 1, third;  
Adams, 254 (Thaddeus, Wm. Parrish,  
May 8, Indian II, and Mistleton also  
ran). Seven furlongs—Zeetus, 105 (Ta-  
lbert), 3 to 1, won; J. R. Laughey, 108  
(Koerner), 7 to 2, second; Merrill, 106  
(Koerner), 8 to 1, third; time 1:30-  
4. Five and a half furlongs—Valencia, Old Heather,  
and San Alvaro also ran.

One mile: Col. Bronston, 110 (Mc-  
Daniel), 6 to 5, won; Stude Christian,  
107 (Harris), 7 to 1, second; Lucretia,  
108 (Baldwin), 2 to 1, third; time 1:40-  
6. Sherry, Taylor George, Sherrill Bell and  
Uliss also ran.

One mile and a sixteenth—Varieties,  
105 (Gardner), 5 to 1, won; Dusty Mil-  
ler, 106 (Koerner), 7 to 1, second;  
Reservoir, 103 (Koerner), 1 to 1, third;  
time 1:30-4. Calio also ran.

Five and a half furlongs—Virginia,  
Lorraine, 107 (McDaniel), 4 to 1, won;  
Hannay Rice, 106 (Fowler), 2 to 1, second;  
Mary Anna, 105 (Fowler), 8 to 1, third;  
time 1:30-4. Gold Lodge, Vinor-  
sina, Remeker, John de Arc, Versaka,  
Mirabel and John Bruce also ran.

Jack Adams, 109 (McDaniel), 1 to 2, won;  
Ding Dong, 112 (Hodlin), 20 to 1, second; Baldy,  
100 (Grand), 10 to 1, third; time 2:08-5.  
Illi, Invictus and Phyx also ran.

**At Emeryville Races.**

**SAN FRANCISCO.** Dec. 31.—Al-  
though the weather today was clear,  
the Emeryville track was muddy.  
Beechwood was no easy winner of the  
one-mile and a sixteenth event, though  
Clocke d' Or hung on well. Noni Lu-  
cille galloped over the futurity, win-  
ning as she pleased.

Five and a half furlongs—Rose Cherry, 110  
(Sandys), 7 to 1, won; Calis, 110 (Mc-  
Bride), 9 to 1, second; Furze, 110  
(Brown), even, third; time 1:40-  
5. Ardiana, Sache, Josephine Noyce,  
Lady Antim, also ran.

Five and a half furlongs—Gloria Clair, 110  
(Sandys), 12 to 1, won; Blagg, 105 (Mc-  
Bride), 9 to 10, second; F. Neugent,  
100 (W. Miller), 21 to 5, third; time  
1:40-5. Endora, Calmar, Kogo, Jer-  
ome, Sherry, and Joyful also ran.

Future, coming from the outside, 109  
(W. Miller), 8 to 5, won; David Bo-  
land, 108 (Fountain), 9 to 5, second;  
Magrane, 110 (L. Williams), 6 to 1,  
third; time 1:41-1. Governor, Davis, 99  
(Sandys), 10 to 1, third; time 1:45. Tarp,  
Terry Case and Michael Mulvaney also  
ran.

Six furlongs—Manard, 104 (W. Mil-  
ler), 11 to 16, won; Rainbird, 85 (E.  
D. Davis), 1 to 1, second; Shady Lad,  
St. Francis, Ocean Shore, Hector also  
ran.

Jockey Seriously Injured.

**NEW ORLEANS.** Dec. 31.—Three  
jockeys fell with their mounts and two  
of them were seriously injured. One  
died during the third race at the Fair  
Grounds, today. At the three-quarter  
mile mark To See fell, knocking Joe  
Key Austin unconscious. The Scout fell  
over them, threw up and slightly in-  
juring Jockey Noon and Jockey  
Mack. Satchel's collar bone was broken as  
was mine Harry Gardner, stumbled over  
the fence.

Five and a half furlongs—Pinsticker,  
won, 100, 1/2, 2nd, Chieftain, 3rd;

Six and a half furlongs—Helen Lucas,  
won, John Kauffman, second, Pompa-  
doe, third; time 1:24-1. Governor, 100,  
Brittenham, second, Old Trick, third;

One mile—Missouri Lad won, Harry  
100, 1/2, 2nd, Poly Pot, third; time  
1:40-4.

One mile and seventy yards—Decline  
won, Harmer, 100, second, Terps Rod  
third; time 1:40-5.

One mile and a sixteenth—Abe Meyer  
won, Ponoma, 100, second, Bitter Brown  
third; time 1:41-1.

Holday Golf Winner.

**PINEBURST** (On C. St. 11th & 8th Sts.)—  
Lester Seale was the winner of the  
annual May week golf tournament  
at Pinehurst. Game, Playing of Philadel-  
phia, 10-hole final being the rule in  
all divisions. Mr. Lipsey was first  
on the thirty-third hole and his  
tournament rally was the feature of the

gift of \$20,000 from Andrew Car-  
rie to Bates College, Lewiston, Me.  
is announced.

**Piles Can Be Cured**

**Twenty-three Years of Agony With  
Piles Before Using Pyramid Pile.**

**Cure. Trial Package Free.**  
We offer to every piles sufferer a  
free trial package of the wonderful  
Pyramid Pile Cure to prove the  
ueness of our claim.

If you tried a so-called "cure for  
piles" and it did not relieve you, can  
you conceive of anything that would  
more surely prejudice you against it?  
We know this and we are glad to  
offer our remedy on trial because we  
know what it will do and we know also  
that we are running no risk of failure

Read how grateful this sufferer is to  
the Pyramid Pile Cure after undergoing  
every torture with piles:

"This is to certify that I have used  
three 30c boxes of Pyramid Pile Cure  
and it has benefited me more than any  
other pile remedy I have ever used.  
I almost lost all hope of ever get-  
ting rid of this trouble which had  
been troubling me for years. I  
tried Pyramid Pile Cure and  
I believe they will entirely cure me if I  
continue their use, which I intend to  
do as long as I can get money to pay  
for them. I do not think anyone ever  
suffered very much more than I have  
at times. Then I would be so nervous  
I could not get any ease in any position  
I could place myself.

I cannot express my gratitude for  
the good your medicine has done me.  
I will continue to tell my friends of  
their merit. Yours, Emma Boden-  
ham, Bedford, Ind."

Red Carter was unable to deliver the  
goods and finished and finished thirty  
lengths behind the winner, thereby  
dumping a lot of money for the talent  
which played him a hot favorite.

Col. Bronston was the choice of the  
third race, which he pleased by  
finishing 4 to 5, but closed up to 6 to 5. Lucifer,  
played as second choice at 3 to 1, was  
only able to show.

Reservoir, played down from 4 to  
5 to 10 to 12, made up his backer's  
in the fourth and after loading the mule  
was unable to make up the distance in  
the stretch, though coming fast. St.  
Albans plodded in second in the fifth  
race behind Vincennes. London, who  
had to make up a lot of ground in  
the first four furlongs, Jack Adams  
was so good in the last race that the  
bookmakers refused to post better than  
1 to 10 on him, and owing to the un-  
certainty of the outcome he was  
played very little. Ding Dong came on  
gaily under the whip and finished a  
good second.

**CHICKEN SHOW TO OPEN.**  
Six Hundred Chicks to House Blooded  
Fowls of Famers from All Over  
Country.

The exhibition of high-class fowls  
by the Poultry Breeders' Association  
of Southern California to open this  
morning at County Park. Six hundred  
coops have been installed, and the  
entry list is the largest of any ever collected  
in this part of the State.

The judges selected are W. C. Elliston  
of Minneapolis, Ralph B. Randall of  
Los Angeles, John Hartnell of Los  
Angeles, H. W. Gunston of Groveland,  
Mass., and W. M. Purdy of Los Angeles.

Many fine fowls will be exhibited.  
Cocks which took prizes at Crystal Pal-  
ace will be shown at Market Square  
in New York have been brought  
here. Some very fine local fowls are  
listed.

The cold weather has caused consider-  
able rearrangement of plans relative  
to housing and exhibition, but the  
show will be carried to completion.

**JAPANESE WRESTLING.**

**Grand Elimination Contest for Calif-  
ornia Championship Among Lit-  
tle Brown Men.**

Japanese of Los Angeles are to begin  
a wrestling tournament, tonight, lasting  
three days. The contests are to be  
held in the bowl of the Pacific  
Athletic Club at Naugatuck, and the  
winner of the final of the final will  
be declared the champion Japanese  
wrestler of California.

Twenty events are scheduled for each  
night, and each contest will eliminate  
one man from the ranks. The grand  
trophy cup will fall to the champion,  
and other prizes are offered to other  
winners.

Japanese expect to attend the  
events on mass. The contests have  
been arranged so that women and chil-  
dren may view them with propriety.  
Many Japanese women are expected  
to have trained faithfully to their  
proficiency before their wives and sweet-  
hearts.

Five tiny features will be practiced,  
but straight wrestling also will be in-  
cluded in.

**CROSS-COUNTRY RUN.**

**First Event of the Kind Run Near Los  
Angeles—Twelve Entries Include  
Fast Men.**

Twelve men have entered in the  
cross-country run to be held at Playa  
del Rey today. The course is to be  
five miles in total length, from Playa  
del Rey to Ocean Park and return.  
The prize is a trophy silver cup offered  
by the college.

Whittier College is the pioneer in the  
south, but this is the first race conducted  
near Los Angeles between local col-  
leges. Runners from several of the  
colleges are entered, but not as rep-  
resentatives of the schools. The Los  
Angeles Athletic Club has several en-  
trants.

Probably the most notable man of  
the list, and very likely the winner  
of today's event, is Eugene Estoppey,  
formerly a Marathon runner, and not  
so successful in themselves, will  
contribute a great deal to the cause  
of our economic expansion. I am trying  
to assist all the endeavors made  
toward the promotion of various kinds  
of industrial enterprises. I am always  
urging men of influence in the  
industrial circle to adopt the same  
view with regard to the industrial fu-  
ture of Japan. This is the only way  
calculated to promote general economic  
interests of the country. It is quite  
natural that some apprehensions  
should be entertained as to the future  
of enterprises such as banking and  
insurance, but we must help to  
welcome all the manufacturing enter-  
prises, such as the formation of com-  
panies for milling flour, making  
sugar, refining sugar and for various  
other industries. By so doing we  
will be greatly augmented, giving  
strength to our national economy.

J. R. Jeffers, George Watkins, A. G.  
Waddell, Fred Gardner, Ray Dunn-  
igan, E. R. Williams, Thomas Den-  
yer, C. Roth and C. Wollenschlaeger.

**ATHLETE ENTERS NAVY.**

**BY DIRECT WIRE TO THE TIMES:**  
BOSTON, Dec. 31.—Exclusive Di-  
rector James B. Connolly of Boston,  
a noted athletic novelist and friend of  
President Roosevelt, is in Wash-  
ington to enlist as a yeoman in the  
United States Navy. He enters at  
Roosevelt's suggestion to gather ma-  
terials for his coming book on  
American navy life.

The plan originated last summer  
while Mr. Connolly was training with  
the President. He will be assigned to  
the navy as soon as he has secured  
a ship. His unusual privileges will be  
granted him, and every opportunity  
given him to observe life of the  
sailors and officers.

Five and a half furlongs—Pinsticker,  
won, 100, 1/2, 2nd, Chieftain, 3rd;

Six and a half furlongs—Helen Lucas,  
won, John Kauffman, second, Pompa-  
doe, third; time 1:24-1. Governor, 100,  
Brittenham, second, Old Trick, third;

One mile—Missouri Lad won, Harry  
100, 1/2, 2nd, Poly Pot, third; time  
1:40-4.

One mile and seventy yards—Decline  
won, Harmer, 100, second, Terps Rod  
third; time 1:40-5.

One mile and a sixteenth—Abe Meyer  
won, Ponoma, 100

Para ello no habría que encontrarlos ahora en el Canal de Panamá, ni en el Río Chagres y a costa que existe en Panamá. El territorio contiene al Río Tehuantepec, río grande, que nace en el río Grande, río Colorado, río Grande, río de las aguas, río Grande, río de Coatzacoalcos que nace en el Golfo Mexicano, desde su nacimiento, corre por el Istmo de Tehuantepec al Golfo, un río noble y con una anchura de dos millas, desembocando. Da muchas vueltas a penetrar a las más partes del Istmo hacia el Océano Atlántico.

de Tehuantepec es la más larga de este directorio entre

y Liverpool, pasando por el Jardín a San Francisco, a

que se dirige, mas que

en Panamá, como se ve por

esta que sigue:

## THE CITY IN BRIEF

## NEWS AND BUSINESS.

## Card's Death Certificate.

A death certificate specifying vascular heart trouble in the case of H. A. Card who died at the Holiness service at the First Holiness Church, Sunday, was yesterday signed by the physician who attended the man.

## Policeman's Funeral.

The funeral of Clarence Dosh, the Los Angeles policeman who killed himself early Sunday morning, will be held at 2 o'clock Wednesday at the parlors of the First Holiness Church, and the remains will be interred in Rosedale Cemetery.

## Fireman Dies.

Adolph Hermansen, the fireman, who was injured at Saturday night's fire, died yesterday afternoon at 1 o'clock. Funeral arrangements have not yet been made. Peculiar circumstances surround the fire-fighter's death. He had been married only a short time.

## V.M.C.A. Box Luncheon.

The Young Men's Christian Association of Sherman served a box luncheon yesterday to employees of the Los Angeles Railway. Without charge the men there were passed along the line from distributing points. Sherman Vineyard and Ocean Park. About 110 lunches were served.

## Dogs of His Wound.

Joseph F. Kelley, the electrical worker who shot himself in the head at the east entrance to the Third-street tunnel December 28 died yesterday morning in the California Hospital. He had lived there for six months despite the fact that the bullet had badly fractured his skull. He was conscious much of the time.

## Veteran's Sudden Death.

David Miller, an old cavalry formerly of Troop C, Sixth Cavalry, dropped dead while at work at the Stanley Building camp near California and North Figueroa streets yesterday morning. For some years Miller lived at the Soldiers' Home at Sawtelle. His remains were sent to Bresce Bros. morgue.

## A Prowling Peddler.

John Smith was arrested by Special Officer Foster yesterday afternoon and at the Central Police station on suspicion of being a peddler. He knew nothing about Smith they say. He claims to be a peddler, but as he was found about the rear of a house on Grand View avenue the police desire to investigate his record.

## Boy and Money Missing.

Engie, a boy who has been working for the Hotel Ziegler Meat Company, No. 416 South Spring street, is missing and no one can account for him. The officers have nothing about Smith they say. He claims to be a peddler, but as he was found about the rear of a house on Grand View avenue the police desire to investigate his record.

## Not His Own.

Frank E. Jackson of No. 636 East Fifth street was taken from his state office at 2:30 South Broadway last night and sent to the Recieving Hospital, because he had attempted to take possession of office. The police said that Jackson, temporarily insane, Jackson was passed over with the idea that he owned the office and when the police arrived was quietly but firmly trying to induce the woman employed there to leave.

### TAKES HIM TO THEIR HEARTS.

Union League Is Enthused by Minister Barrett.

Views on Japanese Situation Seen Inspired.

Urge His Hearers to Trust in President.

A speech of great importance, and one that assumes national significance, was delivered before the Union League Club last night by John Barrett, Minister to Colombia and Director-elect of the International Bureau of American Republics. Coming almost directly from a conference with President Roosevelt, high in the confidence of both the President and Secretary Root, and a man whose interests have always been found up in the Pacific Coast more than in any other part of the country, his remarks on the Japanese situation may almost be said to have been inspired.

The big banqueting hall of the Union League was filled last night with prominent financial men of Los Angeles and their invited guests. The character of the audience that greeted Mr. Barrett, as well as the fact that the officers were able to secure such a speaker, form a compliment to this lusty organization.

The hall was decorated simply with the Merchants' and Manufacturers' Association has dropped the suggestion of the Municipal League that

### DRAGGING WESTLAKE.

Theory That Missing Mrs. Young's Body May Be Found There—Oakland Police Still Searching.

Mrs. Besse Young, who has been missing from her home, No. 1100 West Twenty-fourth street, since Friday morning, may now be considered dead. On the theory that her body is in Westlake, the waters were dragged yesterday. The tackle broke and the lake may be dragged again today.

Every clue to a discovery of the wife and mother has been exhausted. The husband had little sleep since his pretty wife went away. Children were told stories of his present difficulty today, he says that he will have to send his three babies to a home. He wants to cling to the little ones as long as possible.

There is a possibility that news of the woman may be received from Oakland. Her husband, it is said, thinks that she may have gone there with an ailing lover.

Another theory is that she may be hidden somewhere in Los Angeles. The husband fears that his pretty wife may be held a prisoner in some vein.

President Roosevelt, high in the confidence of both the President and Secretary Root, and a man whose interests have always been found up in the Pacific Coast more than in any other part of the country, his remarks on the Japanese situation may almost be said to have been inspired.

### HICKS FACES WORST ORDEAL.

His Theatrical Career Begun Under Difficulties.

Being Buried Alive Easy to What's Before Him.

His Debut Is Not the Howling Success Expected.

Hicks, the entombed miner, began his theatrical career last night in a corner booth of Elks Hall.

Poor Hicks. It's a cinch that he signs off in his act with a bang. He has tons of dirt on his backbones and somebody feeding him milk down a rusty pipe. This is the worst yet for him.

It must be confessed that Hicks, as an actor man, is not as impressive as Hicks under a mountain.

They couldn't get him to mount the mimic stage and tell the sad story to the public. When folks had paid their 50 cents per person hurried breathlessly in, they found an undersized man with rat-tail moustache buried in deep gloom, his hands clasped behind his head, in front of an enormous cupboard. His black Kentucky black stocking hat was pulled down dejectedly over his eyes. His overcoat was over his ears. He could find no cheer even in his new store clothes or in the amazing gift watch chain that dangled from his vest pocket.

The reporter who quoted Hicks as shouting tid bits from Shakespeare up the pipe to the audience, has an awful urge to humor him in the next world.

One side of Hicks was recently displayed on a sort of dais, a solid pair of pantaloons, a pair of dismasted looking brogans and a piece of rusty iron pipe. Hicks occasionally glared resentfully at them out of the corners of his sunken eyes as though he held them responsible for getting him into this.

"I've got the feeling that he couldn't help it and I hope he would grab out a cold object approaching the size of an upright piano and take another 'chow.' That comforted him. It does him in," he added, helping to bear him up in this last effort.

The idiotic questions asked of him were enough to drive a man to suicide.

Hicks is really a remarkable man. He restrained his natural inclination to curse and swear. His only sign of violent emotion or resentment at the questions was to occasionally straighten out his curled-up condition and take another shot at the cuspidor.

A German asked most of the questions; the fact that he is still at liberty is a standing reproach to the asylum for the feeble minded. Between questions, Hicks would look at him as though to seek him one with the cane; then would collapse again.

The German asked Hicks if he had a chance to shoot while in the cave.

Past speech, Hicks merely shook his head.

Whenever anybody else asked a question, he would pull a veritable pistol out of his coat sleeve and touch the flesh just above the elbow, on the inside of the left arm. Then he would obey the command to fight back the river, of which the colonists in the valley probably know nothing.

Mr. Randolph in his telegram says:

"The preliminary work on this undertaking is being rushed to the very limit. From Oregon to Imperial passenger and freight trains, in fact

every line of the road has been side-tracked to give right of way and

the tracks are being steam shovels which we are rushing down from the North.

"All of the improvement work of the

system has been suspended to the

energy and resources of

the quarries, from which the rock is being blasted by the thousands of tons

to dump into the dam. Hundreds of men are working at every quarry to be reached by the track of the Salton Sea.

Patrols of 50 men on Salt Lake

BALKED THIEF WOULD KILL.

Masked Man Tries to Hold Up Storekeeper.

When Latter Rushes Upon Him He Uses Gun.

Frightened Away By a Shower of Nails.

A murderous attempt at robbery in East Los Angeles last night was frustrated by the courage of the intended victim, George E. Adams, who is the proprietor of a little grocery store at No. 2307 Pasadena avenue. Mr. Adams was alone in the store and was pulling down the shades, preparatory to closing it, as it was nearly 7 o'clock. His wife and daughter, a niece and Elmer Reaves, a young man who boards with the family, were at supper in a room at the rear of the building, which is separated from the store by a stone wall.

Suddenly the front door was opened.

From the outer darkness appeared a shining revolver and then a masked face. The storekeeper stood still, dumbfounded. Before he recovered himself, the robber had stepped inside, aimed the weapon at Adams and cried: "Hands up!"

GRAB AT GUN.

Not more than five feet separated the man from the moment, but the owner was between them, except at the end near the door. Toward this gap dashed Adams. He reached out to grapple with the masked man. His hand touched the cold muzzle of the revolver. The bullet passed through the same instant. The bullet struck the storekeeper's wrist, passed through his coat sleeve, and touching the flesh just above the elbow, on the inside of the left arm. Then Adams obeyed the command to fight back the river, of which he probably knew nothing.

Mr. Randolph in his telegram says:

"The preliminary work on this undertaking is being rushed to the very

limit. From Oregon to Imperial pas-

senger and freight trains, in fact

every line of the road has been

side-tracked to give right of way

from the North.

The full communication of the Merchant's and Manufacturers' Association to the Municipal League is as follows:

"Your communication of the 25th inst., requesting this association to join the league and the Chamber of Commerce in the appointment of a special commission of seven to consider permanent legislation affecting the liquor traffic in this city, has been carefully considered at a meeting held to-day.

"In reply, the board of directors begs to state:

"First—That we are unalterably and

emphatically opposed to the extension

of the laws in which the liquor traffic

is now controlled, and also to any

change whatever in the number of

saloon licenses as provided, namely,

"Second—We condemn and protest

against the action of the present City Council in the attempt to disturb, by ordinance or otherwise, conditions regulating the liquor traffic as they exist at the present time.

"Third—We pledge our influence and

prestige in opposing any attempts that

may be made to grant further privi-

leges to the liquor interests.

"Fourth—We believe that the right

enforcement of the ordinances regulat-

ing the liquor traffic, now enacted,

is sufficient to protect the influences

of the liquor dealer and we are of

the opinion that under present condi-

tions and with proper police supervi-

sion, the liquor traffic in this city is

better controlled than

# THE PUBLIC SERVICE.

## SUMMARY OF THE DAY.

Walving the time limit restriction the Council passed ordinances yesterday granting to the Los Angeles-Pacific Railway permits for four miles of subway from Fourth and Hill streets to the city limits west on Pico street.

The Board of Public Works declined yesterday to accept the programme of the new administration placing James Craig at the head of the street department.

Admission of the members of the Council will be held Wednesday and Friday to close the slate for the new administration.

Mrs. Francis M. Dorris, wife of a Harrisburg, Ill., banker, was yesterday held by Judge Gibbs to be incompetent, and her mother was appointed guardian of her person and estate.

Judge Wilbur yesterday denied the application of the wife of Brig.-Gen. C. F. Rose, U.S.A., retired, for a divorce, in an opinion wherein he upheld the general's conduct.

HARRY HARRISON, who was arraigned in the Police Court yesterday on the charge of burglary, questioned the witnesses against him cleverly, but he was held for trial in the Superior Court.

J. D. Richardson and Florence Pernot accused each other of appropriating wearing apparel. In the Police Court yesterday Richardson was discharged and the young woman was fined for contempt of court. The man paid the fine.

## AT THE CITY HALL.

## SUBWAY PERMITS PASS COUNCIL.

## CLAUSE REGULATING FARES IS REJECTED.

Road Must Be Finished in Three Years—Company May Carry Mail, Baggage and Express Matter, But Not Freight—Project Involves Investment of Five Million Dollars.

By a unanimous vote the Council granted to the Los Angeles-Pacific Railway yesterday permits for subways extending from Fourth and Hill streets to the western city limits by way of Fourth street and Vermont avenue. Dirt will be flying in the \$2,000,000 subway before March 1. Officials of the road may travel will be running over the new road by January 1, 1908.

Warned that further bickering would cause the abandonment of the subway project by the Harrison interests, the Council passed the permit ordinance practically as they were submitted by the attorney for the railway.

City Attorney Mathews attempted at the eleventh hour to inject into the ordinance a provision affecting fares that the company may charge for carrying passengers to the beaches. Attorney Pope argued against what he classed "this unjust discrimination." He said that the surface roads from the city to the beach are unpatrolled by fare regulations, and that it would be unfair to place this restriction on the income of the line that will cost ten times as much as a surface road.

The clause which the City Attorney sought to insert is as follows:

"That in case the boundaries of said city shall be extended by annexation, consolidation or otherwise, the rate of fare may be charged for the transportation of passengers within the limits of said city, so extended, between a point on the said railroad in the city of Los Angeles, and a point outside of the present limits of said city, on any extension of said road, or any road connected with the railroad or extension thereof, owned, controlled or operated by said company, or its assigns, shall not exceed 15 cents for a single passage, or 25 cents for a round trip, and that the rates of fare to be charged for the transportation of passengers between points on said railroad in said tunnel and points outside the city of Los Angeles, shall be subject to regulation as provided by the law of the state."

On the question of rate regulation City Attorney-elect Hewitt reported as follows:

"In reference to the position of citizens that we should have a rate of 15 cents asking that the grant of the franchise to the railway company contain a provision limiting the rate of fare to 15 cents for passengers within the city to 25 cents for the round trip. I want to state that the bill will be considered by the next Council. Blanchard is opposed to fertilizer works inside the city limits.

Councilman Hammon has already prepared a resolution to submit the request, and the incident is a closed one with the present administration.

Now with the one that is to come, James Craig has been selected by the Democrats to succeed Mr. Hanley in the street department. Before this can be done a place must be created by the Council, and an appointment must be made by the Secretary of Public Works. The new Council is said to be willing but the board is obstinate.

Apparently the new administration has already run amuck.

## Councilman Missions.

The Council will be in session most of this week; an adjourned meeting is already scheduled for Wednesday, and a second one for Friday.

Forch Hammon, the blushing yesterday, was handsome, fresh-faced,

and very unhappy in his married relation, and that such unhappiness and physical and mental suffering which she had suffered, rather, lack of conduct, of the defendant. Anderson, under the law, the plaintiff is entitled to a divorce under those conditions. It has been decided to let the court decide if the defendant can be granted a divorce substantially for that reason. To grant such divorce would be to absolutely destroy all binding written into the law the doctrine that some are preaching, that when loves ceases the marriage relation should ipso facto terminate."

## COURTHOUSE NOTES.

### BREVITIES MISCELLANEOUS.

ATTACHMENT DISSOLVED. In the suit begun through the Holmes Collection Agency against Anton Besold by Mrs. Adelia McFadden, his sister-in-law, an attachment was placed upon \$33 in cash, two gold watches and chains and a locket and chain taken by Sheriff White from the prisoner. Besold claimed that the cash and jewelry were not subject to attachment, but he was not a resident of this country, and the attachment was dissolved.

JUDGE BORDWELL'S TESTIMONY.

President Summerland did not attend, but he had sent his attorney to the north preparing to assume his duties as railroad commissioner.

## AT THE COURTHOUSE.

## WIFE DECLARED INCOMPETENT.

## DENIES WITH SPIRIT THAT SHE NEEDS GUARDIAN.

Her Husband Is Illinois Banker.  
She Institutes Divorce Proceedings  
Before Coming Here To Be Cured  
of Opium Habit, According to Testimony.

Mrs. Frances M. Dorris has been held incompetent, and was yesterday given into the guardianship of her mother, Mrs. Kate M. Pickett, who lives at Long Beach.

Spirited opposition was made by Mrs. Dorris. Her estate was claimed to be \$500, but Mrs. Dorris, while upon the witness stand, dramatically pointed to a small brooch she wore, and said that she was worth exactly one dollar and a half.

The case, which was heard by Judge Gibbs yesterday, concerned eastern property. A. P. Dorris, the husband of Mrs. Dorris, is a banker at Harrisburg, Ill. Some time ago he came here to stay with his mother, hoping by change of scene and proper treatment to be cured of the morphine habit. She died at the Glendale Sanatorium and left him there. Soon after arriving at his room at the Congress Hotel, No. 67½ North Main street, about 6 o'clock, Russell lit a stove. He then turned his back to the fire, and began to button up his clothes. When he came out he found that the stove was enveloped in flames, and that the fire was endangering the walls. Without hesitation he ran to the window with stove and tossed it out. A wet blanket soon put out the fire in the room.

Then Attorney Knight, who appeared

for the alleged incompetent, asked Mrs. Pickett if she was not aware that her daughter had begun a divorce proceeding in the East, and had refused to return to her home without sufficient reason. What this reason were Mrs. Dorris herself outlined when she went upon the witness stand.

She said that for years she had tried to condone her husband's immorality, but that when he brought his conquests home with him she had an overwhelming desire to get away. For that reason she had left her home and had begun a divorce action. She said that her husband was then in the city limits.

When the husband testified, however, he said that his wife refused to live with him after he arrived here, she would not give any satisfactory reason for her refusal. She merely said that it was fate that separated them.

Mr. Dorris claimed that Dr. Ledford, his brother-in-law, had been responsible for his contracting the disease, and that he had threatened to send her to an asylum if she would not stop going to the Roman Catholic church and to dances.

Counsel sought to show that Mrs. Dorris' actions regarding religious matters indicated nothing more than that she was deeply concerned along that line. It transpired, however, that she was a member of the Catholic church and even offered to send their little girl to a convent school.

## MR. ROSE NOT DIVORCED.

COURT UPHOLDS GENERAL.  
On October 2, 1906, Brig.-Gen. Charles F. Rose was married in Chicago and two months ago the wife filed a suit for divorce here, alleging extreme cruelty. George, the retired general, had brought his wife and daughter to San Diego, where he had purchased a home and intended to live.

According to his statements on the witness stand, Mrs. Rose has plenty of money, which she received from her first husband, but she craved affection and love. She complained of a severe manner of her husband's part in the separation.

Judge Wilbur, in his opinion, handed the case over to the district attorney when Mrs. Rose felt faint on the stand and the general permitted the sister-in-law to support her, saying it was alleged, that when he would offer his arm to a woman upon the stand.

The impression I derived from the evidence," says the court, "is that in some way such conduct on the part of the defendant, with the social position occupied by him in the army of the United States. While I am somewhat familiar with naval etiquette, this particular and very honorable body contemplates creating a position to be known as assistant to the Inspector of Public Works. The same respects are given to the members of this association that you do not at the present time adopt an ordinance creating this position, as the members of the naval corps, the result will be more thoroughly satisfied itself as to the necessity, and the title of such a position, and the name by which the same should be designated."

The court voted yesterday to postpone the hearing of the case until the next term, when the trial will be conducted by Justice Chambers.

NO "PROGRAMME."  
DEMOCRATS RUN AMUCK.

The Board of Public Works has convened to consider the new administration. Learning that the Council had been importuned to create an assistant to the chief inspector of streets, the commissioners yesterday sent to the legislators the following proposal:

"It has been stated to the board that your honorable body contemplates creating a position to be known as assistant to the Inspector of Public Works. The same respects are given to the members of this association that you do not at the present time adopt an ordinance creating this position, as the members of the naval corps, the result will be more thoroughly satisfied itself as to the necessity, and the title of such a position, and the name by which the same should be designated."

## THE INFERIOR COURTS.

### CROOK IS HIS OWN LAWYER.

#### SHOWS ABILITY BUT DOES NOT CLEAR HIMSELF.

HARRISON IN POLICE COURT HELD UNDERR BONDS FOR TRIAL IN HIGHER TRIBUNAL—RICHARDSON DISCHARGED BUT FEMININE ACCUSER FINED FOR CONTEMPT.

Harry Harrison, who is said by the police to have been a criminal in crime of Dan Sullivan, the gentleman in whose case he was questioned witness at his preliminary examination in the Police Court yesterday like a veteran lawyer, but his skill failed to clear him. He was bound over to the Superior Court under \$150 bonds.

Harrison was arrested about an hour and a half after the commission of a burglary of which the police now accuse him. C. Bentrim, a roofer, in a house on Whinton street, on Los Angeles street, identified a watch in the pocket of his trousers as having been stolen from him, and also \$6 in money. Harrison claimed on the stand that he had bought the watch from a stranger in Brooklyn.

Policemen Moore and Carroll were the principal witnesses against Harrison. They were cleverly questioned by the defendant but Justice Chambers held him.

Ex-Steel King Philipp Is Host at Small Dinner Which Is Said to Have Cost Cool Thousand—Grills and Dining-Rooms Beautifully Decorated—Luncheons Served.

#### PAYS ACCUSER'S FINE.

J. D. Richardson in Justice Austin's court yesterday was declared innocent of the charge of petty larceny. Florence Moore, his wife, was fined \$10 for contempt of court in failing to come to the trial.

Richardson had been arrested at the instance of the woman. She accused him of having stolen a diamond ring from her.

Counsel sought to show that Mrs. Dorris' actions regarding religious matters indicated nothing more than that she was deeply concerned along that line. It transpired, however, that she was a member of the Catholic church and even offered to send their little girl to a convent school.

# Our Annual Red Letter Clearance Sale Begins

Wednesday, January 2d, 1907

We are going to start the New Year right—by giving the people of Los Angeles and Southern California an opportunity to buy the best of Furniture and Draperies at prices unheard of in the annals of local merchandising. These Annual Red Letter Clearance Sales of ours are features of the business life of the city. We have been holding them for the last 20 years. Hundreds wait each year for "Red Letter Clearance" time to come around—and they are wise, for the money that is saved by so doing is no mean sum.

It is a well known fact that our stock is the largest and best selected on the coast. It includes the finest productions of the foremost makers in the country—this applies to all grades of furniture, from low to high.

## Prices in Some Cases Cut Just in Half

In no case less than ten per cent. This announcement is particularly worthy of attention because of the fact that less than 60 days ago we made a general reduction throughout the store of 20 per cent., and, furthermore, this was done in the face of a general advance of ten per cent. by all furniture manufacturers. This sale will offer so much more than those we have held in the past that every family in need of furniture now, or who can see a need in the future, should investigate it.

It might be well to add that other advances in furniture are sure to come in the near future. You surely have splendid opportunities to save if you buy NOW—during this sale.

## Early Comers will Naturally Fare the Best

While our stock is large and well selected, there are so many cases where we have only one piece of a kind that practically every sale made cuts down the assortment just that much. We would like to suggest also that it is a mighty good plan to buy early in the day. You will miss the rush that always comes in the afternoon. You will get better service. We will be pleased and so will you.

Again we say, come early in the week and early in the day. This is no ordinary sale trumped up on the spur of the moment to stimulate a lagging business, but a carefully planned clearance which a great volume of business makes not only possible but necessary.

## We Mention a Few of the Thousands of Opportunities

### \$12.50 Hall Mirror \$7.50

A beauty in a fine mahogany frame, with heavy bevelled French plate mirror. There are four double brass hat hooks. We have cut the price just \$5.00—that's a worth-while saving. Plenty more in all woods.

### \$16.25 Hall Seat \$9.00

A handsome design in mahogany. The construction is perfect—you can't conceive of any better cabinet work. There are other good bargains in golden, fumed and weathered oak. Every seat is reduced.

### \$22.50 China Closet \$12.50

Made entirely of quartered golden oak—a square design with carved top pieces. There are three adjustable shelves. If this one doesn't suit you we have plenty more for you to choose from.

### \$45 Oak Buffet \$25

Every stick is quartered golden oak, hand polished. The upper apartment doors are leaded. There are two velvet lined lock drawers for silver. The design is a good one—the sort that fits well in any company.

### \$140 Sideboard \$90

A grand piece of furniture made throughout of selected quartered oak, golden finish. It has heavy corner posts, a full swelled front. The drawer arrangement is perfect. It is piano polished.

### \$29 Dining Table \$18.75

Made of solid golden oak. It is pedestal style with round top, 12 inches in diameter. The four pedestal feet are carved. This is a representative bargain for our assortment, which includes weathered oak and mahogany.

### \$33 Library Table \$17.50

Made of quartered weathered oak, with round top and carved legs. It is a heavy table, built for service. This is a sample of the saving we offer you in library tables.

### \$37.50 Library Table \$22.50

A combination table with book shelves and racks on each end. It is made of quartered oak, weathered finish—solid, serviceable and certainly very useful. Of course we have plenty of other table bargains.

### \$19.50 Secretary Bookcase \$12.50

In solid golden oak with carved designs well placed. Room for the average home book collection and a complete writing desk besides. Bookcases will be well represented in the sale and of course prices are cut deeply.

### \$6 Oak Rocker \$4

Made of quartered golden oak throughout. Seat is wood, saddle style. This rocker is well built and will give service. Plenty of other good bargains in the sort of rockers you want to buy.

### \$10.50 Craftsman Rocker \$7.50

A splendid weathered oak arm rocker—one of the most popular designs. The seat is made of rush—the latest novelty. You will certainly find a rocker that will please and at a bargain price, for they are all reduced.

### \$12.50 Arm Chair \$7.50

Another Craftsman product. It has the high back and wide arms. The wood is oak, weathered finish. The seat is upholstered in leather. We can show you some other splendid bargains in armchairs.

### \$7.50 Iron Bed \$5

A good, solid, well built iron bed—full size, of course. The color is cream, with gold trimming and brass knobs on each post. We have scores of other good bargains in iron beds.

### \$25 Oak Dresser \$16

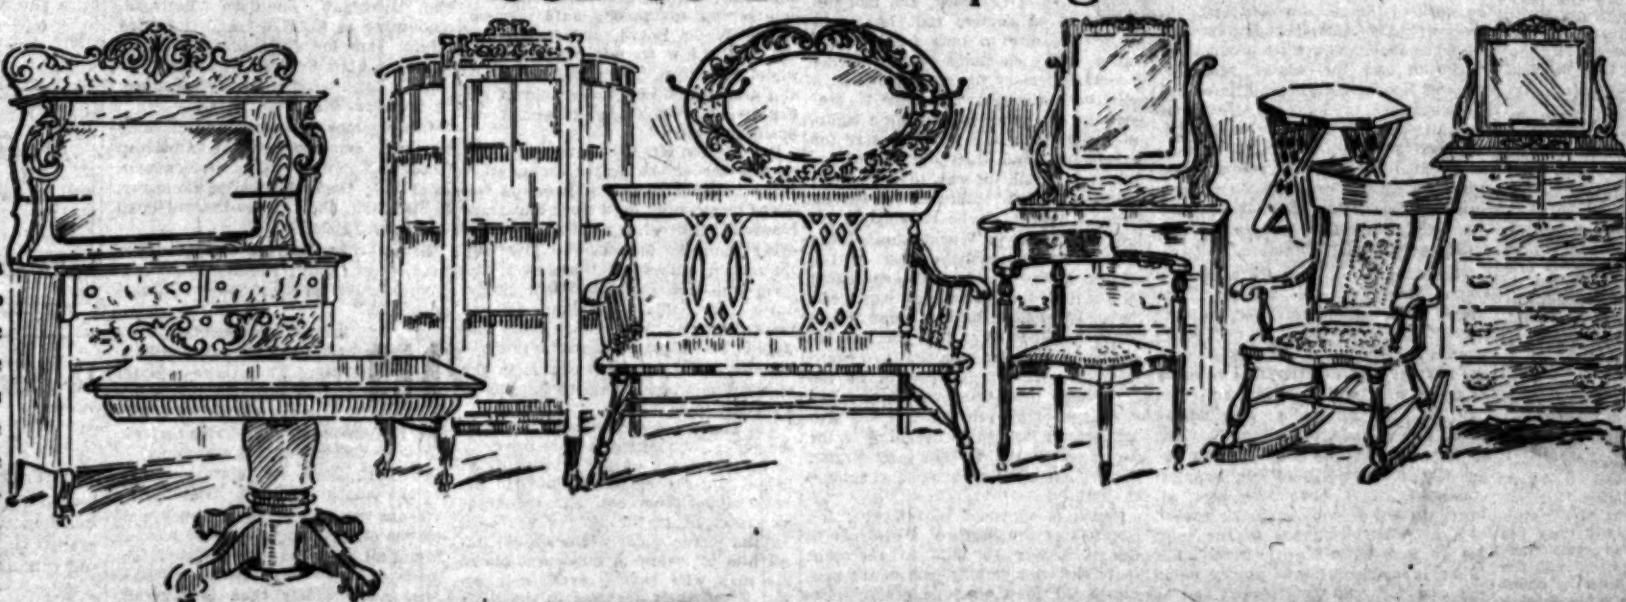

Made in solid oak, golden finish, with oval mirror, full swell front. The cabinet work has passed our most rigid inspection. We have dressers in every wood and style. All of them are reduced for this sale.

### \$27.50 Princess Dresser \$18

In mahogany finish. The mirror is so long that it serves just as well as a cheval. The two drawers are curved in serpentine effect. This is a representative bargain.

## Los Angeles Furniture Company

631-35 South Spring Street

Happy  
New Year

to you. We hope it will be a prosperous one—even more so than the one just closed. We hope to merit in 1907 the same generous patronage that has been our good fortune to have during 1906. Our plans for the new year are ambitious and provide some innovations in furniture selling that will be most welcome.

## Pen Points

And the name of Nathan Cole led all the rest.

On the other hand, Pasadena is worth saving, even without the show.

This year, having a seven in it, should be lucky for everybody not tied to a hoodoo.

It may also be well enough to remember that 1901 will last only twelve months.

It frequently happens in mining that when a man puts his money in a hole, he also puts himself in one.

The years pass so swiftly in these strenuous times that it makes a man hardy to keep track of them.

In some respects the increased cost of living is offset by the fact that the price of drinks still remains the same.

Senator Foraker claims to be a friend of negroes, and yet he never gets an investigation into the Brownsville affair.

Thinking it over, there is perhaps no better way to start the New Year than by mingling with the roses at Pasadena.

People who have been laying aside something for a rainy day have had a fine chance to spend it in Los Angeles, lately.

Some people have a way of keeping their resolutions by placing them safely away where they can be conveniently forgotten.

No doubt Mr. Bryce and Mr. Roosevelt will often be found sitting in the smoking-room talking books when other people are in bed.

Mr. Rockefeller should not suppose that everybody is against him. He has many friends, principally a long which is his bank account.

The National Assembly of Panama acted humanely in allowing President Almador to go outside of the republic. A man must have exercise.

Iowa is thinking seriously of abolishing the death penalty. The population of Iowa has been decreasing as rapidly that every man counts.

We feel almost certain that the country will unanimously agree to forgive the railroads everything if they will only stop killing people.

It's been raining twenty-dollar gold pieces in California, but, as usual, we suppose a great many people have been caught out without buckets.

The free love doctrine does not seem to be making much headway in America. The kind that is able to pay for the services seems to still have the inside track.

We think it is about time to revive George Washington's title of "Father," and we propose that Mr. Rockefeller be named for the job. Everybody works but John D.

Just to show that they were still doing business, the railroads wound up the old rear with a slaughter that would put a South American artillery duel to the blush.

The United States government is finding that it can't get men to work for it at \$12 a month in these kind of times when window washers are making as high as a day.

If there are those who don't just know where to send their wishes for a happy New Year, they might send them to Russia. We can think of no place where they are more needed.

There can no longer be any doubt that England desires sincerely to be on friendly relations with the United States, now that she is sending an Irishman over here as her Ambassador.

Even the pictures prove the peace that 1900 went. He came into the world in swaddling clothes, lived only a year, and was buried yesterday with a bunch of white whiskers that reached to his knees.

This question of editorial transportation on the railroads is to be arranged in the old way, after all. The railroads have found out that since editors quit traveling the roads have lost caste.

Lord Strathcona has determined to quit Canadian politics in order to be able to give some attention to his private business. But why should he be in such a hurry about it? Is it difficult to understand. He is only 88 years old.

The Owens River knockers will now probably argue that it is not necessary to bring out impudent statements of this and that and hence the pueblo, owing to the fact that it has been raining to beat the band all over every man's freshet.

In the face of the abuse, that claims is headed upon him, Mr. Rockefeller announced that he had obtained the acceptance of injunction and turn the other cheek. But what a lot of the clementine institutions of the country are walking to see Mr. Rockefeller turn the other cheek.

## NEW ACCOUNT, NEW ACCOUNTANTS.

## THE INNOCENT BYSTANDER

## Happy New Year.

(After the old wimsey writes)

If something would happen that rich

J. D. would split up his money 'twixt you

and me;

If Carnegie would give up half his

To hire you and me as his spelling

board;

If Morgan would give us a quiet

On visiting whereby we could get a

bunch—

Then this would be a Happy New

Year.

If some one would muzzle G. Bernard

Shaw;

If Congress would stife the no-pass

law;

If all the Upifiers would give us a

To see how we'd rather get out and

climb;

If muck raking papers, with motives

blest,

Would from all the frightening give

us rest—

Then this would be a Happy New

Year.

If women no longer were slaves to

If fashions continued for just a we

while;

If actresses never would lose a gem

And their agents wouldn't write yams

on them;

If Teddy and Kermie were left alone

And kept out of print till they are ful

grown—

Then this would be a Happy New

Year.

If statesmen would cease telling how

we shall—

If we shall soon finish the great canal;

If all politicians would tell the truth,

And every one else tell the same, in

sooth;

If trolleys were fixed so that you and I

Need not have to sit strapped till we

are stretched awry—

Then this would be a Happy New

Year.

If landlords would only charge lower

rents;

If we got full value for all we spent;

If gas bills were smaller when winter

came;

If ice doesn't crack as it turns to flame;

If ice—not the kind that we use to

skate—

Was always and ever right up to

weight—

Then this would be a Happy New

Year.

If William and Edward, and Jap and

And all of the monachs to peace would

stick;

If we need but work from 11 till 2

With three hours off for supper, then our

toll was through;

For all things and people would only be

Precisely as wanted by you and me—

Then this would be a Happy New

Year.

Credit for 1907.

To consider the other fellow's festi-

ng—unless he shows a lack of consid-

To be watchful of opportunities to do

good, and to be mighty watchful for

opportunities for others to do me good.

To speak a kind word when I can;

To cast my bread upon the waters;

So long as I control the salvage rights

of the stream.

To remember that while I am look-

ing for the other, others are equipped

with microscopes and tele-

scopes scanning the same horizon.

To be a better man, but to reflect

from time to time that all of us are

blowing along that way.

WILBUR NEEBREIT.

Copyright, 1901, by W. D. Neel.

A Down East paper says that plenty

of snow in New Hampshire means

plenty of money there. Then why is it

that New Hampshire is not the richest

State in the Union?

The company has a surplus for divi-

dividends amounting to 8.3 per cent.

on its common stock. The earnings in

the previous year amounted to 4.8 on

the common stock. Besides this it is

said that the statement of the road's

condition at the end of the year con-

cerns 2½ per cent more, so that the

real earning achievement of the road

for the year was 11 per cent. Fur-

thermore, if various equities in the

statement were placed where they be-

long, it is said that the net proceeds

would exceed 12 and possibly reach 13

per cent. on the common stock.

THE WATER COMMISSION.

One of the most important of

Mayo Harper's duties will be the se-

lection of members of the Water Com-

mmission to fill vacancies caused by

the expiration of terms, and the citizens

## PLAYHOUSES AND PLAYERS.

"Sapho" is a drama of emotional passions, and while intensely crude, it is just as popular. It has merits as well as demerits, and, as one might expect, the merits are apt to be brought out strongly by such a light of genius as Otto Nethersole. The demerits are not corresponding, for the shade by which she makes the play more natural, than any actress

has ever played it.

Nethersole reminds you of a Bern-

hard girl, whose

is a wild and

passionate

actress.

She is a

bold and

reckless

actress.

</div

## EVENTS IN LOCAL SOCIETY.

ONE of the most delightful of New Year's watch parties was that given last evening by Mr. and Mrs. Charles C. Carpenter at their handsome home, No. 1123 West Twenty-eighth street.

They had guests about seventy of their friends, who were entertained in most delightful fashion. The home was decorated with ferns and statuary, with vases of bright roses effectively placed. The interesting feature of the evening was the clever little fawn presented by Miss Sudie Carpenter, daughter of the host and hostess, assisted by Miss Lucille Chandler and Irving Wapple and Miss Aldie. All of their young people displayed much artistic talent, and kept their auditors

## New Year's High Tea.

Mrs. Grace Henderson Mathewson entertained her pupils on New Year's eve at her residence with a high tea, followed by a reception. The table scintillating with cut glass, with the maidenhair ferns and candle light, was laden with dainty viands. Pretty girls, and gallant young men gathered about their teacher, making a picture that was most delightfully.

Recently Miss Williamson and Mr. Preston were entertained by Mr. and Mrs. C. C. Chapman at their country home "Isabel Rancho."

## Grays Remove.

Judge and Mrs. Wheaton A. Gray and their daughter, Miss Evangeline Gray, formerly of No. 1223 South Alameda street, have taken a house for the winter, No. 1828 West Twenty-fifth street, where Mrs. Gray and her daughter will be at home to their friends on Wednesdays.

## Miss Brooks is Bride.

Miss Grace Brooks, the charming daughter of Mrs. M. E. Brooks of Avenue 41, was married to Charles F. Scott yesterday afternoon. Rev. Robert L. Ellsworth officiated in the ceremony. The ceremony was a very quiet one, only relatives being present. The bride was attired in a handsome tailored suit of green brocade and a feather hat of the same pale green. Green well became her fresh beauty. After a short wedding trip, Mr. and Mrs. Scott will be at home to their friends at No. 102 Park avenue, South Pasadena.

## THEIR DAYS OF DAYS.

Hundreds of Children Participate in Holiday Festivities at Violet-street Playground.

Five hundred children in the vicinity of the Violet-street Play Ground are cherishing the most delicious remembrances this happy new year, for their holiday celebration last Saturday afternoon was destined to dwell in a child's memory for many a year.

Others besides the children who witnessed the most beautiful ceremony that the Play Ground has ever seen will have many a backward thought about it.

A glorious Christmas tree had been placed in the midst of the sand piles and swings and things with which the place abounds, and the children took advantage of every opportunity to make small boys and girls eyes brighter and their mouths water. It was not lighted, for the kindly sun came out just in time to bring the pretty flags and shone lollingly on the faces of five hundred youngsters, from baby brother and baby sister up to the tall youths of the baseball team, and while no turned out pure gold, bright-haired boys of the Christ Church choir in cotis, and easies, who marched into the open space and around the tree, singing "Hark the Herald Angels Sing," and other sweet and holy carols of the Christmas season.

The neatly-dressed throng of children waited in quiet and reverent attention to hear Baker P. Lee, who anticipated his appointment as city park commissioner, be telling the children the sweet old story of the Christ Child. He also spoke of the flag that was flying above the gymnasium and told them of the beautiful things that it symbolized.

After this was over, the children marched by the tree and received each a gift and a bag of candy, then their jubilant joy was increased tenfold by the announcement of such an occasion. The splendid celebration was made possible by the efforts of Mrs. Willoughby Rodman, the children of Christ Church, and many other public-minded people in the city.

## MERCHANTS, BEWARE.

If You Violate the Old Sweeping Ordinance the Police Will Catch You.

Downtown merchants must reform their methods of store and sidewalk sweeping. Chief Kern took his second step toward sweeping up the business world yesterday by sending orders to the morning patrol to arrest every merchant violating the sweeping ordinance.

Heretofore business men have had their stores swept out into the street. As a consequence, morning pedestrian traffic has been greatly increased, clogged their way through thick clouds between the hours of 6 and 10 o'clock a.m. The ordinance prohibits sweeping stores out into the street, especially in case of dust storms. It regulates sidewalk sweeping, limiting its time to between 6 and 7 o'clock in the morning. In no respect has this law been observed.

"Hereafter," said Chief Kern, "merchants must conform with the ordinance. If they don't, we are likely to see some of our prominent citizens paying fines in Police Court. The police have orders to enforce the law."

## Residents of San Francisco.

The San Francisco Call, now the best San Francisco newspaper, has opened a branch office at 505 Spring street, where advertisements and subscriptions will be received, and in your subscriptions to the Call will be inserted the name of the San Francisco Agent. Telephone Main 2701.

## Jackson-Lewis Nuptials.

A recent wedding was that of Walter H. Jackson and E. Gertrude Lewis.

The bride was beautifully decorated in violet and green, and the party marked the New Year in.

Guests included Maj. and Mrs. John Norton, Mr. and Mrs. T. J. Fletcher, Mr. and Mrs. Henry Vanderbeck, Mr. and Mrs. H. M. Kelsey.

## Leave for Europe.

Mr. and Mrs. R. E. Munsey of No. 1941 Lovelace avenue entertained most pleasantly with a reception recently in celebration of their silver wedding anniversary.

In the afternoon fifty or more friends, mostly old friends, were guests, and that same evening some young people were invited in to meet their son and his bride, Mr. and Mrs. W. L. Munsey, who have recently returned from their honeymoon.

After the ceremony, the couple left for an eastern trip in the spring.

They will make their home at No. 448 Park View street, in the home which Mr. Jackson has prepared for his bride.

## Celebrate Silver Wedding.

Mr. and Mrs. R. E. Munsey of No. 1941 Lovelace avenue entertained most

pleasantly with a reception recently in celebration of their silver wedding anniversary.

In the afternoon fifty or more friends, mostly old friends, were guests, and that same evening some young people were invited in to meet their son and his bride, Mr. and Mrs. W. L. Munsey, who have recently returned from their honeymoon.

After the ceremony, the couple left for an eastern trip in the spring.

They will make their home at No. 448 Park View street, in the home which Mr. Jackson has prepared for his bride.

## Miss Kip Leaves.

Miss Kathryn Romer Kip, former president of the "Teach and All Club," school of the Church of the Unity, has gone to Chicago to spend the winter.

She will also visit New York and Boston, returning to Los Angeles about the first of September.

## Miss Austermell is New Year's Bride.

This evening, the Immanuel Church will be the scene of a pretty wedding ceremony, uniting Mr. and Mrs. J. H. Austermell of No. 129 South Figueroa street, to John McKinlay, with Rev. Hugh K. Walker officiating.

After the ceremony, there will be an informal reception at the home.

The bride is a pretty and charming girl, and has a host of friends in this city, who will be interested in the nuptials.

Mr. McKinlay is popular in business circles.

## Miss Gilmore is Bride.

Last evening in the Pico Heights Congregational Church, Miss Mamie Gilmore and Robert Lockyer were married before a company of friends and relatives. Rev. J. M. Schaefer officiated, and music for the service was supplied by the organist.

The church was charmingly decorated in ferns, amilax and gay flowers. The bride was attire.

In a becoming gown of white crepe de chine and capped a cluster of carnations.

Miss Mamie, sister of the bride, was maid of honor and wore white nuns veiling and carried pink carnations. Two younger sisters, Miss Hazel and Florence Gilmore, were bridesmaids.

Claude Van Norman was best man and G. E. Dehaven and Cecil Loomis were ushers.

After a trip to San Diego, the couple will be at home to their friends in this city.

## India Dinner.

Miss Fannie Lockhart of No. 555 West Thirty-fifth street entertained

with an India dinner on Sunday evening, in compliment to Miss Alice Williamson and Thomas C. Preston, who are to be married today in Cumnock Hall.

Decorations were in pink carnations

and ferns and covers were laid for Mr.

and Mrs. O. P. Lockhart, Mrs. Martha Williamson, Mrs. Jennie Lockhart and M. E. McRherian. Friday evening Mr. and Mrs. George Goldsmith, Mr. and Mrs. George Greenleaf, Mr. and Mrs. Hughes, Dr. and Mrs. Ralph Hagan and a vast number of others.

## New Year's Festivities.

A large number of society folk en-

joyed theater parties, after which they went to Levy's, and there at the sup-

per those who entertained friends

were: Mr. and Mrs. O. D. Pennington, Mr. and Mrs. John W. Newell, Mr. and Mrs. J. W. Brodrick, Mr. and Mrs. F. Botsford, Mr. and Mrs. J. W. Anderson, Mr. and Mrs. John D. and Mrs. Meyer Lissner, Mr. and Mrs. Edward R. Neu, Mr. and Mrs. John S. Singleton, Mr. and Mrs. John Schenck, Mr. and Mrs. Robert E. and Mrs. M. H. Hollman, Mr. McCord, Edward Maier, Mr. W. C. Tonkin, Mr. and Mrs. West Thirty-fifth street

and the New Year's Festivities.

Misses to Sierra Madre.

Mr. and Mrs. E. G. Robinson of No.

South Union avenue, with their young daughters, the Misses Robinson, have gone to Sierra Madre and the winter in their pretty new home there.

PLANNING FOR  
NEW STREET.

TO RELIEVE THE CONGESTION  
ON FRANKLIN.

Curved Thoroughfare Suggested  
to Open on Broadway—Would Re  
quire Part of Mayberry Estate  
Property — Another Project In  
volves More Expenses.

The project to open New High street through to Broadway, and thus relieve the increasing congestion of traffic on Franklin street, has been revived, but this time the plan under consideration differs from the scheme proposed two years ago or more. Property owner north of Broadway and First streets have discussed various plans for the desired opening, but the one which appears most feasible, and which has been suggested to the Board of Public Works, is putting through the street from its present ending at Franklin on a curve, so that its conjunction with Broadway would be just north of the block owned by Mrs. Prosser.

This would require the use of at least a portion of the estate of the Mayberry heirs, the North Broadway property which now lies vacant, and the securing of property fronting on Franklin street, at present occupied by a small one-story structure, and adjoining the short new existing street.

Advocates of this plan declare that this would give a direct outlet from narrow Franklin street, and that as a natural result large volumes of traffic in the block in which the Courthouse is located would pour out onto Broadway through this channel.

The need of a southern extension of New High street is apparent to the owner of conditions as they now exist.

That the volume of traffic is certain to increase with the completion of the new Federal building at New High and Temple streets is conceded by all, and the extension of the new high street extension seems to be the only way to further delay assuming the property needed for this purpose.

Still more ambitious than the simple plan of opening a curved outlet on the Franklin street suggested in the project advanced by Mr. E. A. Conly, the Broadway property owners, it includes the purchase of the entire seventy-six foot Broadway frontage owned by M. R. Edwards, the north side of the property, for a city building as well as a street from Franklin to Broadway.

It has been suggested by these prop  
erty owners that the water department could, without difficulty, pur  
chase their property and erect thereon permanent quarters for the department.  
With all its various ramifications and  
expansion of the Owens River  
district, the water department will  
require more room from year to year,  
and the suggestion is made that this

More Good News for Our Many Clients and Speculators:

After a long, hard fight we have been successful in landing the seventy-seven acres at the crossing of the Pacific Electric Line and the Salt Lake Railroad. This is the beautiful tract so many have spoken of while passing through on the electric cars to Santa Ana. While this is one of the most beautiful residence tracts in this part of the country, it has also about 2000 feet adjoining the Salt Lake Railroad, and factories are now figuring for location in the tract. With this and the advantage of the Pacific Electric line and many other good things that could be said about the tract, it is our desire to make it one of the best jobbing and factory towns in Southern California.

### PLANNING FOR NEW STREET.

#### To RELIEVE THE CONGESTION ON FRANKLIN.

Curved Thoroughfare Suggested  
to Open on Broadway—Would Re-  
quire Part of Mayberry Estate  
Property — Another Project In-  
volves More Expenses.

The project to open New High street through to Broadway, and thus relieve the increasing congestion of traffic on Franklin street, has been revised; but this time the plans under consideration differ from the scheme proposed two years ago or more. Property owners north of Broadway and First streets have discussed various plans for the desired opening, the one which appears most feasible, and which has been suggested by the Board of Public Works, is putting through the street from its present ending at Franklin on a curve, so that in conjunction with Broadway would be just north of the block owned by Mrs. Peters.

This would require the use of a portion of the estate of the Mayberry heirs, the North Broadway property which now lies vacant, and in securing of property fronting on Franklin street, at present occupied by a small one-story structure, and closing the short alley now existing.

Advocates of this plan declare that it would give direct entrance from Franklin street and that as a result a large volume of traffic from the block in which the Mayberry is located would pour out on Broadway through this channel. The need of a southern extension of the High street is evident, now as the need of conditions as they now exist. The county has gone to large expense to construct a tunnel and maintain an elevator service so that citizens may conveniently use the New Station C. on the corner between the Mayberry and the postoffice, is also in this case. But all this traffic, when poured into New High street, must find its way up to Broadway and then turn downward, or else go down to Spring street, until the narrow Franklin street is either passed.

But the volume of traffic is certain to increase with the completion of the Federal building at New High street, and the plan for the extension of the Mayberry property is to afford further delay securing the property needed for this purpose.

It is more ambitious than the simple idea of opening a curved outlet on the Mayberry property. It includes the use of the entire seventy-six foot frontage of the Mayberry heirs, and the Franklin frontage owned by M. R. Edwards, and using both of these properties to build a city building as well as a street from Franklin to Broad-

way, which would give a certain income from rentals of store frontage.

The claim is also made that the point would be accessible from the various lines under the existing system of transportation.

Two years ago this property could have been secured for the sum of \$35,000. Just what the price would be at present is uncertain, but it would doubtless reach \$50,000 or \$60,000.

The most important in this street extension project have figured out that securing the property, erecting the building, and opening the street would be a good investment. They claim that the saving in rentals of city departments and the income from the stores which could be rented would prove a profitable thing.

No formal steps have been taken as yet, although it has been discussed by members of the Board of Public Works. When the City Council Street Committee was in existence, and its uncompleted affairs were turned over to the then newly-constituted Board of Public Works, there was "in the batch of documents a petition asking that New High street be opened through to Broadway." This was lost sight of, and initial proceedings would have to be instituted by the projectors of the new enterprise.

Those who are interested in the plan are anxious to have action taken as soon as possible, as it is said that plans have been drawn by the Mayberry interests for the erection of a substantial fire-proof structure on the vacant Broadway frontage.

RACES WITHOUT BOOZE?

Permit to Sell Liquor at Ascot Park Has Expired and Bar May Be Closed.

Unless some political impediment is worked, the selling of liquors at Ascot Park may be stopped today.

The county permit which the management of the racing and gambling track had been displaying as their ground for selling booze expired with the old year last month, and now as the park is a portion of the city of Los Angeles, no liquor can be sold unless Ascot becomes an ordinary "blind pig."

Yesterday was a hurry-up day for the management of the park. It was at the last moment that the special ordinance which was raised before the Council a few weeks ago giving Ascot the privilege of selling liquor had been held up in the office of the city recorder, who refused to sign it, or, in fact, do anything with it. It is claimed that the law extending the privilege of selling liquors to Ascot Park could be con-

cluded in the new ordinance.

The sale was handled by James R. Wagner and John Ross Smith. His brother, John Ross Smith, has already removed to Los Angeles, where he has rented a house pending the building of his own home on the new tract.

## STORM DOESN'T STOP FEAST.

### FORESTERS ENJOY SPREAD AT LONG BEACH.

Day Daws With Weeping Skies But at Noon the Sun Breaks Through the Veil—Programme of Sports is Carried Out on the Shore and Watched by Crowd.

SPECIAL CORRESPONDENCE OF THE TIMES.

**LONG BEACH.** Dec. 31.—Although today dawned with weeping skies and somber clouds shutting out the sunlight, as if in silent mourning for the dead Grand Chief Ranger of the Independent Order of Foresters, the faithful members of the order journeyed to Long Beach from all points in Southern California, secure in the faith that sheltered homes were provided, their faith was strong, for about noon the falling rain ceased and the sun broke through the veil of gloom and brightened the earth, whereas the Foresters' hearts were gladdened and the visiting bands, the Y.M.C.A. of Los Angeles and the L.O.F. band of Kingsbury, which had been playing at the Ocean Park Club, "Wait Till the Sun Shines, Nellie," changed their tunes to "Cheer Up, Mary" and "We Won't Go Home Until Morning."

The advance guard in charge of Park 2 Band, Supreme Organizers, arrived at 9 o'clock in a driving rain and proceeded at once to the Auditorium and began preparing for the grand opening of the night, when 1,000 persons had been streaming and baking in closed pits and the savory odors which sifted out through the vents indicated that that part of it would be a success. In addition to the main hall there were 100 boxes, 150 pounds of coffee and 100 gallons of lemonade. At 12 o'clock the food was served and during the afternoon over 1,000 people were served.

At all the fun and hubbub of today, there was visible a touch of restraint, mingled with sadness, the death of Dr. Murray Johnson, the High Chief Ranger of the southern division, having occurred on December 21, a cloud over the gathering. Only two hours before his death, however, the High Chief Ranger expressed a wish that the day's events be carried out without change and this was done faithfully.

The feasting lasted until 2 o'clock this afternoon and then, the sun having come out bravely, it was announced that the grand opening was to be east of the Auditorium and a rush was made for places of vantage. High Chief Ranger Murray of the North California jurisdiction was visitor and was the center of honor during the afternoon. The races were interesting, though the running was heavy and consequently no time was taken. The events and the winners were these:

100-yard dash, boys under 14—E. Franklin first, John Maddock second, 100-yard dash, free-for-all—L. E. McCubbin first, J. C. Long second,

50 yards, boys only—R. Scheidecker second, Joe H. Wissard third, R. B. Merle fourth; Rev. E. P. Lyland and Rev. J. N. Field.

Friday morning the address will be by Rev. W. R. Howe; afternoon by Rev. E. P. Lyland and Rev. J. N. Field;

evening, by Rev. R. A. Northrop, who will speak on "Master Minds of the World and Bible."

This conference, as all will know, who are acquainted with the names of the speakers, will be remarkable for the intellectual character of those who will be the leaders, who are likewise known for their knowledge of the scriptures.

Rev. Winthrop Allison, field secretary of the league, will also be present and will preside at the Friday

afternoon.

**RELIGIOUS BRIEFS.**

AGGRESSION METHODISM.

The Methodist ministers at their meeting yesterday organized the Southern California Missionary Society for the purpose of pushing their denominational work. They will establish new churches in Inglewood and provide for the salary of a pastor while holding a general meeting of evangelists, and in other ways foster the work.

The Young Men's Christian Association will have its annual meeting from 9 a.m. to 2 p.m. at the headquarters No. 411 South Broadway, from 2 to 5 p.m. at the gymnasium, No. 333 South Spring street, and from 5 to 10 p.m. at the headquarters. Light refreshments will be served.

On Friday evening an entertainment will be given for the pupils of the night school, at which one of the features will be a recitation by the members of the card-writer's class.

The second term will open next Monday night.

**ARIZONA.**

**ADD TO STRING OF RANDOLPH.**

**SUCH IS UNDERSTANDING ON SONORA RAILROAD.**

Personal Representative of E. H. Harriman in the Southwest is Presumptively to Have His Authority Extended by the Embracing of Another Transportation Line.

SPECIAL CORRESPONDENCE OF THE TIMES.

**TUCSON** (Ariz.), Dec. 30.—It is understood that on the first of the year the Sonora Railroad is to be added to the "string" of Epes Randolph, personal representative of E. H. Harriman in the Southwest, and already president of the Cananea, Yaqui River and Gila Valley, the Gila Valley, Globe and Northern, the Arizona and Colorado, and the Arizona Eastern Railway Companies, operating all the subsidiary Southern Pacific lines in Arizona and Sonora. J. A. Naugle, who has managed the Sonora Railroad for years, is to be transferred to some other division of the Sunset system.

At 8 o'clock the guard of honor of Camp Morris Vineyard of Los Angeles gave an exhibition drill, which practically concluded the exercises, as the grand ball school was called off on account of their dead General Chief. The ball which was given was largely attended by visiting Foresters and their wives, but only as individuals.

The grand march began at 9 o'clock and the ball followed. It will be held on January 1, 1897. A great number of the visitors remained over night in Long Beach.

**IN RELIGIOUS CIRCLES.**

**A. C. Smith and Party to Make Tour of Mexico—Relief for Starved Chinese.**

Rev. A. C. Smith, accompanied by Mrs. Smith and their son, will make part of a company of a dozen or more people who will leave this city in three weeks for an extended foreign tour. All other members of the party will come from outside points.

Mr. Smith, pastor of the First Christian Church, and when he was asked what was to become of his church while he was gone, he made a characteristic reply.

"Well, sir," he said, "I was going to the devil and the deep sea. If I got a good preacher I'd have no job when I got back, so I got a good one."

He is to get a good preacher and let him keep the job if he wants to. I got William Ross Lloyd, an old schoolmate of mine, and a splendid fellow, he will be sure to be a satisfaction as a preacher."

The foreign trip will include tours of Egypt, Palestine, Sweden, Norway, and many other historic sections. A year or two ago Mr. and Mrs. Smith made a tour of Europe.

**CHINESE RELIEF.**

The Executive Committee of the Church Federation yesterday completed its Chinese Famine Relief Committee, and the work will be taken up with a promptness, with the idea of making a contribution at once.

The ministers on the committee are Rev. John Hayes, chairman; Rev. William Horace Day, Rev. E. A. Healy, Rev. Hugh K. Walker, Rev. Robert J. Murdoch, and Rev. W. W. Patterson, treasurer; Haskell, Boaz Duncan, J. Ross Clark, A. G. Pomeroy, Giles Kellogg.

A circular letter will be prepared by the committee at once, asking that contributions be taken in the churches, and that individuals send their contributions without delay to the treasurer at the First National Bank. It will be

sought that instructions be given to the treasurer with each contribution, indicating whether the money is to be given to the mission of a designated church, or to the Red Cross Society, for distribution.

This action is in harmony with the prior action of the Ministerial Union, both bodies acting in harmony.

**NEW YEAR GREETING.**

**LUNCH FOR RAILROADERS.**

A unique New Year's compliment to the employes of the Los Angeles-Pacific Railway was carried out yesterday by the street railway department of the Young Men's Christian Association. The young men, under the leadership of Secretary W. J. Wilkie, conceived the idea of presenting to every employe of the road, with the New Year greetings of the association, a hearty midday lunch put in a neat paper box.

There are about 1300 employes, and a few of these could not be reached. For various reasons, however, 1100 persons were fed in addition to the lunch in the box, hot coffee was also served to all who were able to visit the men.

The managers of the road furnished the tables and the men ate in the box, when fast food was also served to the association.

There were about 1300 employes, and a few of these could not be reached. For various reasons, however, 1100 persons were fed in addition to the lunch in the box, hot coffee was also served to all who were able to visit the men.

The managers of the road furnished the tables and the men ate in the box, when fast food was also served to the association.

This is supposed to be the first enterprise of the kind ever carried out by an association, and Mr. Wilkie and his assistants were therefore especially anxious to make the lunch a success.

TUESDAY, JANUARY 1, 1907.

## MINISTER BARRETT

(Continued from First Page.)

questions about this splendid State and

about my legal residence in Oregon and am very fond of the Commonwealth. I always feel a deep interest in Los Angeles because it was one of the first important cities in the United States that took an interest in my efforts of long ago to develop trade between the United States and Asia. One of the first addresses delivered by me upon my return from the Far East was to the American Chamber of Commerce, and you gave me a welcome and a hearing that I shall never forget, presided over by your distinguished citizen, Gen. Garrison Gray. Out of it came an unusual amount of good and honor as I happened to find another field of our foreign trade and relationship even more important than was appreciated, than that of the Orient.

## THE JAPANESE QUESTION.

Before, however, considering the main subject of my talk tonight, permit me to say a word in passing about the much mooted question of our relationship with Japan and of Japanese policy. I have been asked to speak in a way satisfactory alike to California as a State, to the United States as a nation, and to Japan as a friendly foreign power, provided only that the speaker will be allowed to speak with an adjustment in patience and with due consideration for all the interests concerned. The situation no longer is a critical one in some respects, but it is still a serious one.

If the principal parties concerned hold their temper, as it were, it would be most unfortunate if any unusual or unhappy incident like unprovoked aggression on the Japanese side could take place pending the final decision of the question.

Nothing could assist more toward a happy solution of the problem than kind and frank discussion.

If the principal parties concerned hold their temper, as it were, it would be most unfortunate if any unusual or unhappy incident like unprovoked aggression on the Japanese side could take place pending the final decision of the question.

Nothing could assist more toward a happy solution of the problem than kind and frank discussion.

The narrative will be printed in the form of a convenient brochure, suitable for mailing to any point. It contains a mass of pertinent information, appropriate to present conditions in the industrial world, and discloses many significant facts not generally or correctly known to the public.

This statement was prepared in the absence of Gen. Otsu in the Far East, but has been revised, clarified, strengthened and improved by him since his return, and is published by his authority.

Copies of the pamphlet will be furnished on application at the Times Office, after January 7, or will be sent by mail to any address upon receipt of the price of postage. Address the Times-Mirror Company, Times Building, Los Angeles, Cal.

work preparing my official report thereon. I may add, however, that the country I traversed is marvelously rich in mineral resources, industrial opportunities and will expand on the opening of the Panama Canal, a vast development which will greatly benefit this Pacific Coast.

## ENORMOUS FOREIGN TRADE.

The total value, exports and imports, of the foreign trade of Pan-

America, including Canada, in 1905,

was approximately \$3,000,000,000.

Of this huge total the commerce of Latin America is the second largest, ex-

porting nearly \$1,000,000,000, or one-

third of the Pan-American total.

The commerce of despised Latin America was equal in sum to our own, and proudly-described total, and was nearly four times that of Canada, which is experiencing a great boom.

Only 5 per cent. of our immense total is now destined to come with the expansion of the present trade.

In 1905, although the latter's imports ex-

ceeded \$1,000,000,000 and only 20 per

cent. of our vast value of imports found their origin in Latin America,

although that part of the world's for-

eign commerce last year ex-

ceeded \$720,000,000.

The west or Pacific Coast of Latin America is often pictured by the average American as a "terrible incognita," a dark and unexplored portion of the earth. And yet Mexico, Central America, Panama, Colombia, Ecuador, Peru, Bolivia and Chile last year con-

ducted a foreign trade exceeding \$800,000,000, and to have exceeded \$900,000,000 in 1906.

California entered with shipping, if this commerce passed through her gates instead of those of Europe and Eastern United States.

"Of this present sum the exports were ap-

proximately \$60,000,000 of which the

United States purchased only

\$20,000,000, or 33 per cent.; and the imports were \$200,000,000, of which the United States sold only \$75,000,000, or 38 per cent. We should buy 30 per cent. of the imports, of which the greater portion should go and come through the Pacific ports of the United States.

## CALIFORNIA'S OPPORTUNITY.

Considering the fact that these twelve nations, which are especially in the field of the Pacific Coast of the United States, but now in the very infancy of their material progress, enjoy a trade with the outer world of \$600,000,000, in a few years to predict that in another decade this will amount to the vast sum of \$1,500,000,000. Let us then be up and doing to have our share of the probable increase.

What do the Latin American na-

tions desire? They have reached by vessels from California, and are giving so much attention to Eu-

rope and to Asia that we little realize

the mighty strides of progress that have been made in during the past two decades in the nations to the south of us. There

need of an immediate awakening throughout all the United States, and especially on the Pacific Coast, to this

second opportunity for commercial

Central and South American repub-

lics.

It is most appropriate that at this moment we should turn our eyes

to the west for the best place for

trade.

lics.

## SECRETARY ROOT'S VISIT.

Before I go further, I wish to call

the attention to the visit of Secre-

tary Root to South America, and to

great results accomplished by this

distinguished diplomatic mission. Mr.

to whom all the world respects as

an able statesman, America

produces after the Pan-American

conference in Rio de Janeiro, paid

respects to nearly every South

American government, mingled with

diplomatic and social circles,

and with the people.

A Pacific Island plant extract—safo-

fa—was sent to our

discovery on earth. No X-ray or other

modern scientific process can

discover every poison

hidden away in the ground.

# Los Angeles County—Its Cities and Towns,

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

## MOVE AND NO HALT IS PLAN.

### SCHEME IS COMPLETE FOR THE TOURNAMENT TODAY.

Pasadena's Annual Show Will Open With Floral Parade, the Divisions of Which Will Form at Nine O'Clock This Morning—Death Followers Attempt to Saddle Horse.

Office of The Times, No. 55 Raymond Ave., PASADENA, Jan. 1.—At 9 o'clock this morning, the floral parade, which will usher in the festivities of the Tournament of Roses, will form at the stations allotted to the various divisions. Grand Marshal Skillet has assigned each division to a locality and when the signal to move is given at 9:45 o'clock, the parade will move off with one accord and no halt will be made until Tournament Park is reached.

The divisions will form thus: First division on Waverly Drive, east of Orange Grove avenue; second division on Arbor street, west of Orange Grove avenue; third division on Elmwood Drive, south of Orange Grove avenue; fourth division on Ellis street, west of Orange Grove avenue; fifth division on Grove street, east of Orange Grove avenue; sixth division on Maylin street, west of Orange Grove avenue; seventh division on Olcott Place, east of Orange Grove avenue; fire department on Terrace Drive, south of Colorado street.

The following men will act as marshals of the parade: Dr. Ralph Skillet, grand marshal; Henry Newby, marshal of the second division; Hugh E. Montgomery, marshal of the third; Lester L. Maud, marshal of the fourth division; Dr. Turner, marshal of the fifth division; Dr. Arthur H. Savage, marshal of the sixth division; Edward R. Briley, marshal of the seventh division.

The line of march will be: From Orange Grove avenue east on Colorado street to Fair Oaks avenue; south on Fair Oaks avenue to Vineyard street; east on Vineyard to Raymond avenue; north on Raymond to Colorado; west on Colorado to Maylin; north on Maylin to Union; north on Union to Fair Oaks avenue; south on Fair Oaks avenue to Colorado street; east on Colorado to Lake Avenue; south on Lake to California street; east on California to Tournament Park.

The afternoon sports at Tournament Park will begin at 1:30 o'clock and will include equine events of all kinds. Bronco busting, chariot races, military sports and horse and dog races will be included in the programme. Substantial cash prizes have been offered for all four contestants in the chariot races. A pony show has been promised for each other event.

The ball at Hotel Green, which will bring to a close the day's festivities, will be one of the most spectacular functions ever staged. The spacious hallways of the hotel will be used for the purpose. Manager J. H. Holmes having put it at the disposal of the association.

#### DEATH BY TRAMPLING.

John Rodgers of No. 623 Cypress avenue died yesterday afternoon at the Pasadena Hospital as the result of injuries received the night before. He was attempting to save a dog when the animal took a fright and ran, striking him to the ground as it came down. The unfortunate man was trampled underfoot and when picked up was a battered mass of cuts and abrasions.

Rodgers was attempting to break the horse to the saddle, with the idea of riding it in the parade today. The horse had been trained to the saddle in the habit of driving to a delivery wagon, and was supposed to be perfectly gentle. On several occasions Rodgers had ridden it about bareback, and in consequence he did not take the precautions which he would have taken with a younger and more frisky animal.

As he started to throw the saddle onto the horse the animal shied and ran into the path of the running Rodgers. Before he was able to regain his feet the horse came down upon him.

Rodgers was an employe of Briner's market for a number of years and was widowed a month ago. His demands. He leaves a widow and three children. The funeral arrangements will be announced later.

#### LINNARD'S CAMELS.

Manager D. M. Linnard of Hotel Maryland had the surprise of his life yesterday afternoon when a man stepped up to him and told him that his camel had arrived.

Investigation showed the fact that another camel had been sent up from Venice to draw Abbot Kinney's boat and that the station agent at Lamanda Park, having heard of only two men in the country, President Linnard of the Board of Trade and Mayor Waterhouse, concluded that the former was more likely to know what to do with a string of superstitious camels than was the executive head of the city's government.

#### ENTERTAINED BY BARRETT.

One of the most delightful social events of the winter was the gathering this afternoon at Columbia Hill, the home of Mr. and Mrs. Charles D. Daggett, when some fifty of the young society matrons and maidens met to listen to an interesting talk given by Minister Frank Barrett, United States representative to Congress, who was assisted in receiving her guests by Mrs. Franklin Booth of Los Angeles and Mrs. Fred Sherman of Chicago.

President and Mrs. Daggett were in the dining-room after the lecture. The innovation was warmly and merrily received by the train crews.

#### DROPS DEAD.

Mrs. Mary E. Fisk of Sawtelle dropped dead at her home in that city last night. Her ailment was heart disease. Her body will be given burial at Rosedale Wednesday.

#### VENICE NOTES.

VENTICE, Dec. 31.—The Venice Promotion Committee has called a meeting to be held at the ship hotel on Thursday evening. At that time the project of raising funds for the building of a great hotel will be discussed. It is thought some positive action will be taken that will result in the erection of a handsome hotel on the Ocean Front at the corner of Windward avenue.

The first game was given a farewell at this resort tonight. There was a concert by the Ladies Orchestra at the Auditorium and a masquerade ball at the dancing pavilion. Both affairs were largely attended.

In the final game of the championship series of roller polo, played at the Venice rink Saturday night, the Venetians won from Long Beach. The scores were for the 1st, each championship and a purse of \$100. A large number were present from Los Angeles.

## DISARMS GIRL AT RINK DOOR.

### REVOLVER TAKEN FROM HER AT LONG BEACH.

Young Woman, Engaged in Guerrilla War, Another Shakes Handbag in Policeman's Face and Declares She Will "Fix" Fee—Officer Discovers That the Bag Containing Revolver.

LONG BEACH, Dec. 31.—Officer Hansell, doorman at the Majestic rink, probably prevented a tragedy to-day when he took from a 15-year-old school girl a loaded 32-caliber Smith & Wesson revolver, which he found in her purse.

The girl is one of two sisters, well known, who went to the Majestic rink this afternoon. There they met a girl against whom they cherish a grudge.

The girl is the daughter of a police officer and the origin of the quarrel is that she had been advised by her father not to associate with the sisters and thus they came to associate with her in the "stuck-up" class.

Almost as soon as they met the younger of the two sisters started the quarrel anew and finally her sister, who is 18 years old, dropped the gun and unfastening the case found a nickel plated Smith & Wesson revolver, fully loaded. He drew all the cartridges and told the girl it was due to her that he had the gun.

There were stretches of time when the skies were the brightest blue and the sun shone as fair as ever a winter tourist could wish; and then would come banks of dull, gray clouds and dashes of rain that made one sigh over the prospect of a rose tournament on one day away.

Along the coast road the rain changed to light sleet, and then came the mingling of snow, sleet, a sight not seen in Los Angeles for many a year.

The guests of the Maryland enjoyed a New Year's hop last evening and danced the old year out and the new in. The ball was held in the main room, which has recently been added to the hotel.

At the Hotel Green last evening was a large card party held in the Marine room, and several small parties were also given.

At the Raymond Hotel there was a brief winter party during the early hours of the evening and later a musical at which Tom Karl and Mrs. Walter Raymond were heard in several fine selections.

The Yacht Club was the scene last evening of one of the largest social affairs on the club calendar this season. The affair, which was opened with a speech by the president, was a success.

The Woman's Society of the Women's Relief Corps will meet tomorrow afternoon at the home of the president, Mrs. M. L. Hamblin, No. 130 Main Street.

The Woman's Society of the North Congregational Church will meet in the church parlors Thursday afternoon at 2 o'clock for further study of the book, "Christus Redemptor."

Better see Penney & Son about furniture.

Fine stationery, Morris-Thurston Co. Pictures framed at Wadsworth's, Old Sheffield plate, antique jewelry, Wigwam, etc. Etc.

If you want to purchase Indian blankets, Navajo rugs, pillow tops, antiquities in silver, copper, pewter or specially-designed jewelry and artistic merchandise, remember Miss Grace Nicholas, 40 N. Los Robles, Pasadena, has the largest and most select stock in the West.

**KILLED ON WHARF.**

Man Trucking Heavy Freight Loses His Life at Port Los Angeles Pier.

SANTA MONICA, Dec. 31.—Dotta Gialomo, an Italian, was killed at Port Los Angeles tonight while engaged in trucking heavy merchandise.

A piece of freight tipped over backward and fell on him, so that he was crushed.

An examination of the body disclosed a clean, fresh cut on the abdomen, which led to the suspicion of foul play. The case will be investigated further tomorrow.

#### NEW CITY ATTORNEY.

The City Trustees tonight appointed S. B. Hunter City Attorney to succeed Fred H. Tait, resigned. The new City Attorney is in the process of preparing a bill for presentation to the Legislature permitting the use of the money voted for bonds for a sewer septage tank for the disposal of the city's sewage through the Los Angeles outfall at Hyperion. The board authorized immediate repairs to the pier-ahead wharf.

**LUNCHES FOR RAILROAD MEN.**

The new Railway Y.M.C.A., with headquarters at Sherman, made its existence felt in a substantial way to-day. In celebration of the passing of the old year, committees worked far into the night Sunday in the preparation of lunches for the motormen and track hands of the Los Angeles Pacific electric line. Thirteen of these packages of delectable substances and delicacies were prepared, and today they were distributed from point to point to the other electric companies with great enthusiasm. The innovation was greatly appreciated by the train crews.

#### DROPS DEAD.

## DANGER BARRED BY MOISTURE.

### ORANGE BELT SAFE LAST NIGHT FROM FROST.

Low Temperatures, But Not Below Freezing, Are Recorded in Various Citrus Districts, But Breeze and Dampness in the Atmosphere Are Counted on to Prevent Injury.

Temperatures at midnight:

Redlands, 35 deg.  
Highland, 35 deg.  
Cotton, 36 deg.  
Rialto, 37 deg.

In the orange belt at midnight there was a light breeze stirring. Although the mercury was falling slowly no danger to oranges was anticipated, the breeze and moisture in the atmosphere being considered sufficient to prevent frost damage.

There was real snowballing in Los Angeles yesterday.

Now it is very difficult to get down from the heavy skies mixed with the fine hail, and we have an Angeleno an expert, who says that Indians didn't know lots of course, but the young ones made the most of it while the congressmen were still in town.

The girl is one of two sisters, well known, who went to the Majestic rink this afternoon. There they met a girl against whom they cherish a grudge.

The girl is the daughter of a police officer and the origin of the quarrel is that she had been advised by her father not to associate with the sisters and thus they came to associate with her in the "stuck-up" class.
